

Council Recesses on Parking Rates Hike; Move to Revise Charter, DPW Criticized

Proposal On Dump Defeated Perry and Roth Score Poor Work

Alderman-at-large John J. Schwenk, on suggestion of Mayor Frederick H. Stang, at last night's Common Council meeting, named a committee to study revision of the city charter.

Schwenk named himself, Alderman George F. McCordle (R) 13th ward, and James K. Ryan (D) 10th ward, as the charter committee.

Another proposal to obtain a dumping area was voted down 3-5 pending further study and a specific description of the proposed site.

Letters from aldermen Frank Zaksecki, (D) Fourth ward, and Frank C. Sass, (D) Seventh ward, asking for action on suggested street work, stirred heated comment.

Alderman Samuel J. Perry, (R) Fifth ward, said, at one point, that with the public works superintendent and others in the department on the streets each day, he saw no reason why aldermen should have to call them up and tell them about such conditions.

Would Fire Them
"If they can't take care of their jobs, get rid of them," he shouted, and Alderman Richard V. Roth, (R) 12th ward, citing a sewer condition in his ward, said he thought they "are doing a half-baked job."

Mayor Stang, in his letter on the suggested new site for a dumping area, noted that the city is using land owned by Dwyer Brothers on North street for dumping, and it is almost filled.

Mayor Asks Okay
The mayor noted that when the Strelene Realty Corp., was negotiating for lands in the Steep Rocks area for the building of a cement plant, it was generally agreed that the city would be able to use some of the area for dumping purposes.

The mayor asked the council to authorize him to negotiate with the company for the land "designated by them" to be used as a refuse-disposal area "at such terms and conditions as, in my opinion, shall be to the best interests of the city."

How They Voted
Aldermen Mayes, Keyser, Norton, Davis and Roth voted for the proposal as presented, and aldermen Radcl, Zaksecki, Perry, Sass, Smith, Bodenweber, Ryan, and McCordle voted against it pending study.

Alderman Zaksecki was the first to ask for specific indication of where the dumping area would be. He was concerned largely with the Devil's Lake area, and with the fact that streets in his ward might be used by the dumping trucks.

Brings Up Lagoon
Alderman Perry said, "I don't want them to come anywhere near the lagoon (Kingston Point)." The proposal, he felt, "comes back to the same thing when they were trying to stick a dump in the fifth ward."

Perry argued for a city incinerator. He said they could put it in his ward where they are dumping, and argued, "The quicker we work on an incinerator, the better."

Sass, Smith, Bodenweber, and Ryan went along on the idea (Continued on Page 8, Col. 4)

10-Cent Meters All Over Are Opposed by CC

A flat increase of parking meter fees—recently voted by the Common Council—was opposed with reservation by the board of directors of the Kingston Area Chamber of Commerce at a meeting held Tuesday evening at the Governor Clinton Hotel.

Other topics of discussion at the meeting presided over by President Vincent R. Burns were:

1) A city sales tax. 2) Postal service. 3) Appointment of a national councilor. 4) B-E Day. 5) Community Colleges, and 6) The National Guard.

Would Vary Fees
General opposition to a flat increase of parking meter fees was expressed, and it was the consensus of opinion that fees should vary with the demand and that the 10-cent parking charge in certain areas was justified, while in others, two hours should be permitted.

The matter was referred to the parking committee for study and specific recommendations.

To Study Sales Tax
Because of the importance and impact of a sales tax as a possible means of relieving the tax burden on real estate, which has been under discussion in the city for some time, a special committee, headed by Robert B. O'Reilly, was appointed to study the question and recommend action to the board of directors.

J. Ellis Briggs was unanimously chosen as national councilor for the local Chamber. He will be the local contact for the Chamber of Commerce of the

U. S., head any local delegation to meetings of the National Chamber and vote for the local Chamber at such meetings.

Report on Mail
William J. O'Reilly, chairman of a special committee on postal service, reported on a very satisfactory conference with Oscar V. Newkirk, acting postmaster.

He suggested that any local person having specific complaints about incoming mail should send or take the postmarked envelope involved to the postmaster and he will investigate the complaint promptly. Re-routing of local deliveries caused a change in the time mail is actually delivered. Some arrives earlier and some later.

It was also pointed out that there are 11 daily departures from Kingston carrying mail and eleven arrivals. The committee was satisfied that all mail is handled promptly after arrival. In many cases if outgoing mail were posted earlier it might make better connections to its destination. A complete list of all departures and arrivals was given to the committee including close-out times. This information is available at the Chamber office.

Successful Program
Arthur W. Buddenbaum reported that the second Annual B-E Day held on January 25 was very successful. The evaluation reports indicate that both the teachers and the co-operating firms and agencies favor another business-education day next year. It was also recommended that plans be made for business-

AILING RUSSIAN—Vyacheslav A. Malyshev, above, Soviet minister of machine building and a former deputy premier, has been identified as Moscow's mysterious patient. Mystery developed last week when a West German blood specialist was summoned to Moscow to treat a patient whose name was not revealed to him. (AP Wirephoto)

Consolidation Is Talked Over at Chambers Meeting

Approximately 150 people attended a Greater Kingston Area Committee meeting Tuesday night at Chambers Union Free School District No. 8, heard the committee panel discuss consolidation and elected officers of a new parent-teacher group.

A petition in favor of consolidation with Kingston was circulated among the audience.

Meeting Tonight
At 8 p. m. today there will be a meeting of chairmen of consolidation committees in the various rural area districts at the Ulster county courthouse. They will discuss progress made in the series of rural meetings held to date and set up similar meetings for other districts.

An informational meeting will be held at 8 p. m. Tuesday, Feb. 12, at the Lake Katrine School. At 8 p. m. Thursday, Feb. 14, the Greater Kingston Area Committee will hold such a meeting at the Stahman School.

Status Not Known
The exact status of the parent-teacher organization at the Chambers School has not been determined. It is not officially a member of the Parent-Teacher Association, it was reported.

New officers of the group, elected without opposition, are: George Heddy of Stahman Place, president; Dr. Gerald Sumner of Holiday Lane, first vice-president; Charles Scott of Richmond Parkway, second vice-president; Mrs. Walter Burger of Lawrenceville street, recording secretary; Mrs. Stanley Simon of Stahman Place, corresponding secretary, and John Whittier of (Continued on Page 24, Col. 2)

Six Districts Petition To Join Onteora System

Lists of Names Are Taken to Albany For Filing Today

Six school districts of the towns of Hurley and Woodstock filed petitions for annexation to the Onteora Central School District last evening. The petitions were accepted by the board of education of Onteora Central School District which was meeting in regular session.

The petitions were from Hurley District No. 8, Morgan Hill; Hurley No. 6, Ashokan Boulevard, Route 28-a; West Hurley No. 5, West Hurley village; Hurley No. 1, Spillway; Woodstock No. 7, Zena; and Woodstock No. 2, Village of Woodstock.

Claim Majority
Those who filed the petitions for annexation with the exception of the Zena District, claim the signatures to the petitions represent a majority of the legal voters of each district.

The Woodstock District No. 7, Zena petition contained only 49 signatures and the board of education of that district asked that an extended period of two weeks be granted to secure additional signatures since insufficient time had been allowed for circulation of petitions.

Other Petitions
There were 52 signatures to the Hurley No. 8 petition; 29 to the Hurley No. 6 petition; 265 to the West Hurley No. 5, petition; 53 to the Hurley No. 1, petition; and 503 to the Woodstock Village No. 2 petition.

Following acceptance of the petitions last evening by the board of education of Onteora Central District, they were turned over to District Superintendent Reginald Bennett who took them to Albany today to be filed with the New York State Commissioner of Education.

Concerned About Kingston
Of the six districts filing petitions last evening with Onteora Central District Woodstock No. 2, Zena No. 7 and Hurley No. 5 are also concerned with the Greater Kingston Consolidated District movement and it is expected petitions may be circulated in these districts by those who favor the Kingston consolidation as opposed to the Onteora consolidation.

Up to Referendum
Following the filing of the petitions today with the Commissioner of Education, they will be inspected and if approved the commissioner may then sign an order to have the districts attached to the Onteora Central district. Should that action be taken by the commissioner, a 60-day waiting period will follow during which time the districts involved may hold a referendum and vote on whether or not they wish to become a part of the Onteora district. If no referendum is held the commissioner (Continued on Page 10, Col. 6)

Resignation From ODM Post Accepted

The resignation of Dr. Arthur S. Flemming, who is director of the Office of Defense Mobilization, was accepted by President Eisenhower in Washington today. The President said he would name Gordon Gray, North Carolina Democrat, to the post.

Dr. Flemming, son of former Surgeon General and Mrs. Harry H. Flemming of this city, will return to the presidency of Ohio Wesleyan University, from which he has been on leave for almost four years.

The former Kingston man was named president of the Ohio college in 1948 and became director of the ODM in March 1954.

His plans on resignation from the Washington post were reported by The Freeman Dec. 8, 1956.

Gray, who was secretary of the army in the Truman administration, has been assistant secretary of defense for international security affairs since July 1, 1955.

His nomination to the ODM could not be submitted to the Senate today as that body was not in session. Eisenhower told a news conference that he would nominate Gray for the post.

ODM supervises broad plans for mobilizing industry in time of emergency. It also allocates scarce materials and stockpiles others that would be needed in wartime.

Gray, 47, is publisher of the Winston-Salem (N. C.) Journal and the Twin City Sentinel. He is a former president of the University of North Carolina.

DR. A. S. FLEMMING

In his present post, Gray has had a lot to do with the foreign military aid program and has had considerable experience in the general field of ODM operations.

In his letter of resignation, made public by the White House, Flemming said that as a result of his association with Eisenhower he knew the United States "will continue to deal with the forces of international communism from a position of strength."

"I also believe," Flemming (Continued on Page 8, Col. 8)

Business Opposition Is Reason Democrats Want Two Salaries Cut

Long and heated debate on increased parking meter rates, approved last month by a party vote in the Common Council, resulted in the recessing of last night's council session to Feb. 19 for possible reconsideration of the measure.

A minority report asked that the ordinance, adopted to assure an additional budget fund, be rescinded, and letters from the Central Business Men's Association and Kingston Area Chamber of Commerce, asking reconsideration of the ordinance, were read at the meeting.

Discussion on Animals
Discussion of a measure, aimed at tightening restrictions dealing with the keeping of animals in the city, resulted in opinions to the effect that the county health department could possibly act more effectively.

A report on a previous alderman ordinance proposed by Alderman Richard V. Roth (R.) 12th ward, noted that the county sanitary code, contained regulations along the line of those in the ordinance, and the role provision acted on last night, dealt with tightening up the law as to transportation and confinement of animals.

Democratic members of the council, by introduction of local laws, indicated another attempt to keep salaries of the corporation counsel and city clerk at the 1956 level.

Confusion on Issue
The raises were granted by a party vote in December, and later the council voted to rescind the former vote. It was then announced that other local laws, rather than the vote of the council, would be required to change the salaries back to their 1956 level.

The salary of the corporation counsel was to go from \$4,000 to \$6,000 and that of the city clerk from \$5,000 to \$6,000 a year.

The new local laws as presented last night were given first readings.

House Group Extends Business Tax for Year

Washington, Feb. 6 (AP)—The House Ways and Means Committee today voted to extend business taxes for another year at their present 30-billion-dollar-a-year level.

The tax-writing group acted only minutes after hearing Secretary of the Treasury Humphrey say it would be "inexpedient" to let the government slip back into red-ink financing by not extending the present levies.

One Vote Opposed
Chairman Cooper (D-Tenn.) said the committee action was "very quick and sweet" on a voice vote without a roll call. "I didn't hear but one vote" against it, he said.

The committee decision paves the way for expected House passage of the bill within the next couple of weeks. Then it would be the Senate's turn to act.

Corporation income is now taxed at 52 per cent under rates put into effect during the Korean War and continued since. Without a continuation of the present law, the rate would drop to 47 per cent in April.

Others to Stay
The bill would also continue at present levels the excise, or sales, tax rates on whisky, tobacco and automobiles.

President Eisenhower had asked for a year's extension of the present rates.

Humphrey went before the committee in support of the President's request. But at the same time Humphrey said today's taxes are "too high" and "will in the long run seriously hamper our economic growth."

However, Humphrey did not hold out the prospect of any immediate tax reduction.

Would Cause Deficit
Humphrey figured that extending the high rates for another year would mean three billion dollars for the treasury.

He noted the estimated government surplus of \$1,800,000,000 for the fiscal year beginning July 1 is less than the three billion dollars and therefore the (Continued on Page 8, Col. 5)

2 Killed, 41 Hurt Yesterday Reno Area Evacuated, New Explosion Feared

Reno, Nevada, Feb. 6 (AP)—The block-square Masonic Temple and nearby business buildings were hastily evacuated today as a strong smell of gas led to fears that a new explosion might follow yesterday's disastrous propane gas blast in downtown Reno.

Yesterday's triple explosion killed two persons, injured 41, and destroyed five business buildings.

Gas Odor Intense
Today National Guardsmen and police began ordering people out of the area again as the gas odor became intense.

Besides the Masonic Temple, a block from yesterday's disaster, a big Woolworth store, the small Mapes building and the Medical-Dental building were ordered cleared.

The Mapes Hotel and other nearby structures which were cleared out for several hours yesterday were not affected immediately by the new precautions.

All street traffic and pedestrians were herded from the vicinity.

The new fear came as officials still were checking into the effects of the Tuesday afternoon explosions.

The Washoe county sheriff's office said today that five pre-

viously unaccounted for persons had been found.

Damage along Sierra street was estimated in excess of 2 million dollars.

Because of the great amounts of rubble to be cleared away and dangerous walls and overhanging beams which need to be knocked down, disaster crews could not search the wreckage until today.

Because a clothing store employee reacted quickly when he smelled gas a much worse disaster was prevented.

But for that, said Fire Chief Karl Evans, the death toll "could have been a hundred."

Cause Undetermined
Evans and other officials still sought the cause and place of the leak which freed the propane-air gas into at least three buildings in which it exploded. The gas is heavier than air and tends to settle to the lowest possible point when it escapes. There may have been three such pockets.

The first of the series of blasts occurred at 1:03 p. m., short minutes after an explosion in the Peterson Men's Clothing Store reported smelling gas in the basement.

A crew of trouble shooters from the Sierra Pacific Power Co. and a Fire Dept. rescue squad under Capt. Andrew An-

(Continued on Page 10, Col. 2)

TRUCK RUNS OFF BY-PASS—A dump truck owned by V. J. Costanzi of Poughkeepsie, and operated by Henry Cragan, 21, of 53 Emerick street, ran off the East Chester street by-pass and turned over down an embankment at 3:15 p. m. Tuesday. Mr. Cragan was not injured. Trooper William Shurtler said Mr. Cragan, headed north, the northbound lane. As he approached the second of the two cars pulled over to pass the one ahead of it, and Mr. Cragan, swinging to the left to avoid a collision, plunged down an embankment on the west side of the highway. (Freeman photo).

President Hints of Inflation Controls Unless Voluntary Action Is Taken Soon

Washington, Feb. 6 (AP)—President Eisenhower said today the government will have to move in with some form of inflation controls if business and labor fail to deal with the problem adequately on a voluntary basis.

The President, at a news conference, did not specify what type of controls he may have in mind.

Eisenhower also said that he believes Israel has a decent respect for mankind and will comply with United Nations demands that it withdraw its troops from the Gaza Strip and the Gulf of Aqaba area.

States would go along if there is a UN call for economic sanctions against Israel, Eisenhower made no direct reply to a question on that point. But he did say the United States is committed to support the UN.

Israel so far has refused to comply with UN demands that it withdraw its forces from all of Egypt.

On the matter of inflation, Eisenhower was reminded that in his January state of the union message he called on both businesses and labor leaders to cooperate in a voluntary drive to check spiraling prices.

Today, Eisenhower said that when he brought up that point in his message he had in mind the

long-term best interest of every one concerned.

He went on to say that if there is no adequate voluntary effort, and inflation continues, the government would have to move in with some kind of controls.

The news conference also touched on these other matters: His health—in response to a question, Eisenhower said he now feels as good as he did before his 1955 heart attack.

Defense Mobilization—Eisenhower formally announced that Arthur S. Flemming, Chief of the Office of Defense Mobilization, is resigning and will be succeeded by Gordon Gray, now an assistant secretary of defense. Gray, a (Continued on Page 10, Col. 6)

Blast at Channel Master Comes After Boiler Check

The boiler which exploded at the old Chappel Master plant, Ellenville, was inspected by a plant electrician five minutes before it blew up with such force that it knocked the walls out of the boiler room, it was reported today by Ellenville state police.

The electrician, Albert Goldstein, reportedly checked the gauges on the boiler about 5 p. m. Gauges on the unit, described as "fully automatic," apparently "read all right."

Insurance inspectors of the boiler division, American Motorist Insurance Company, Hartford, Conn., were at the scene today, it was reported.

The old plant is located atop a hill off Route 209 opposite Pantenehill Cemetery.

More than 100 employees of the television antenna manufacturing firm had just left the building when the boiler exploded at 5:05 Monday.

The boiler was located in a room attached to the building. A blow about six feet square was blown out of the wall which separated the boiler room from the main building, Cpl. N. G. Leakes reported. Debris was flung into the workbenches.

Another wall separating the boiler room from the packing room also was blown out.

Navy Recruits

Thirteen men enlisted in the naval service in January and are undergoing recruit training at the U. S. Naval Training Center, Bainbridge, Md., according to an announcement by Chief Quartermaster James Wingo, recruiter in charge of the U. S. Navy Recruiting Station, Room 209, Central Post Office.

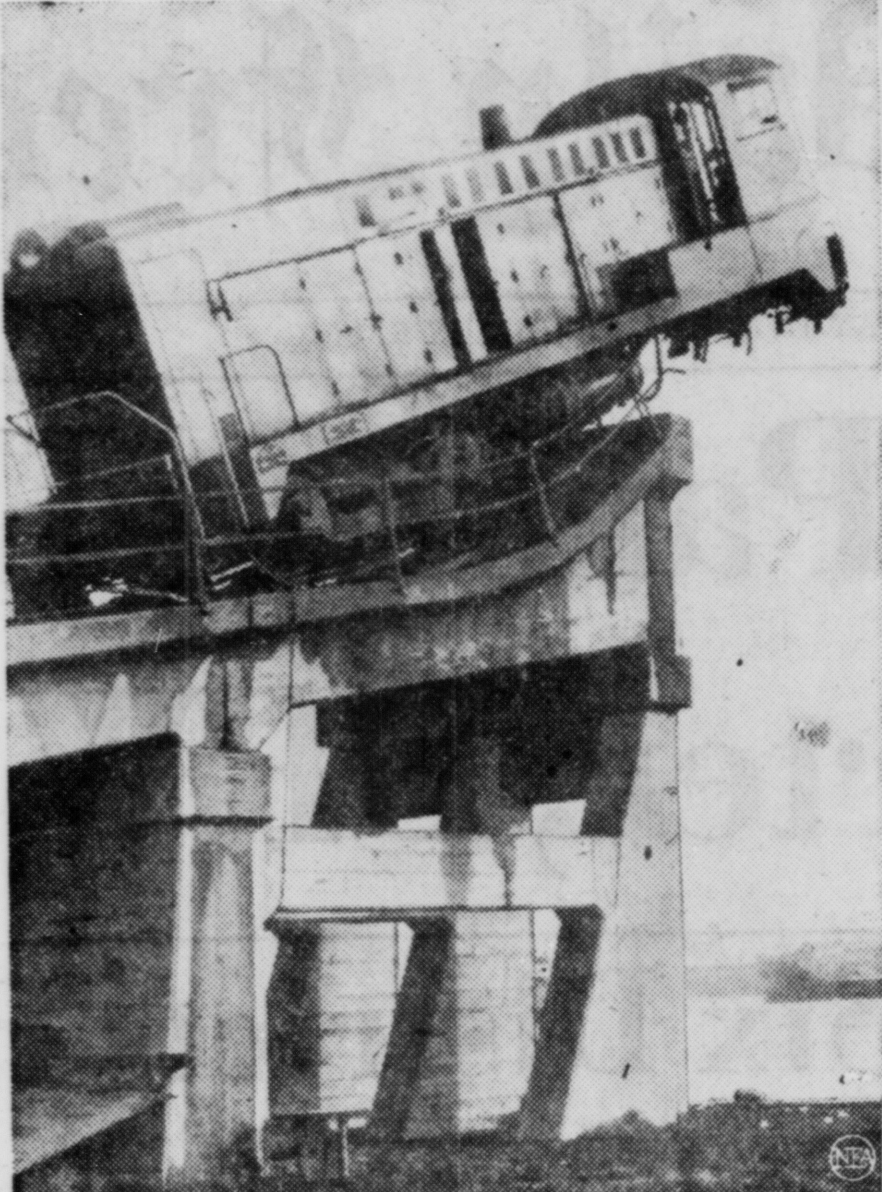

Upon successful completion of recruit training the local Navy-men will be granted 14 days leave before proceeding to their school and duty assignments.

Chief Wingo announced that there are openings in schools, for qualified young men, in the fields of electronics, aviation, hospital corps and the general technical specialties.

Those now in recruit training are:

Harold James Kimble, RD 1, Saugerties; Peter Clifford Snyder, 15 Adams street; Myron Thomas Elting, 497 Washington avenue; Charles Leslie Bishop, 43 Abrynn street; Richard John Loftus, Ashokan; Ronald E. Schoonmaker, 55 Grant street; Richard William Benoit, 84 Miller's Lane; Charles Norman DeCicco, 31 Gill street; Charles Joseph Scharschu, 15 Stickles street; Francis Edward Whalen, 26 Boulevard, Raymond D. Longendyke and Clifford J. Schryver of Slightsburgh.

Robert John Guere of 110 Partition street, Saugerties, reenlisted in the Navy after serving a four-year enlistment. He reenlisted in the rating of Builder Second Class.

HOW?—This diesel switcher is a monument to an accident. A string of eight runaway coal cars pushed it into its precarious position on the edge of a coasting incline for a coal dump on the banks of the Delaware River near Philadelphia, Pa.

Heated Election

Brantford, Ont. (AP)—Deputy Returning Officer C. G. Niblock thinks the recent civic election was the hottest and dirtiest he has known—while he was counting ballots an overheated oil burner exploded and covered him with soot.

Reformed Church Synod President To Visit Classis

Dr. George Mennenga, president of the General Synod of the Reformed Church in America, will pay an official visit to the Classis of Ulster and the Classis of Orange Tuesday, Feb. 19.

Dr. Mennenga will meet with the ministers of both districts at a luncheon at Church of the Comforter in Kingston at noon. Evening Meeting Stated At 7:30 that evening he will meet with the men of both groups at New Paltz Reformed Church. The Rev. Bert Brower, director of adult work of the Reformed Church in America, who will accompany Dr. Mennenga, will conduct a workshop-conference at the meeting.

A service, to which the public is invited, will be held at the New Paltz Church at 8 p. m. It will be conducted by the men of the Classis with the sermon being delivered by Dr. Mennenga.

Among those making arrangements for the meeting are the Rev. George Wood of Rochester Reformed Church in Accord, stated clerk of the Classis of Ulster; Arthur C. Chipp of Kerhonkson, classical representative of the Classis of Orange; the Rev. Forrest Prindle of the Church of the Comforter, classical representative of the Classis of Ulster; and the Rev. Robert Clement of the First Reformed Church of Newburgh, stated clerk of the Classis of Orange.

Yesterday's Poultry Market

New York, Feb. 5 (AP)—(USDA)—Live poultry. Receipts of caponettes moderate; other classes light. Trading good for hens, pullets and mixed caponettes; slow for caponnetted pullets. Market firm for hens and pullets; irregular for caponettes and turkeys. By express: hens, blacks 6-7 lbs. 20-23. Pullets, crosses 5 lbs. and up 36-38; rocks 5 lbs. and up 38. Broilers or fryers, white rocks 3-4 lbs. average 28. Caponettes, rocks 4½-5 lbs. 28-30, 3½-4 lbs. 26; rock pullets 4½-5 lbs. 30½-35, 3½-4 lbs. 28-30; white rock pullets 5 lbs. and up 32, 4½-5 lbs. 29-30; white cross pullets 5 lbs. and up 29-30, 4½-5 lbs. 27. Turkeys, bronze young hens 31-34. Dressed poultry: turkeys steady to firm; squabs about steady; ducks steady. Turkeys, fresh, ice packed, fryer-roasters 6-10 lbs. 35½-36. Young hens 10-16 lbs. 36½-37.

Hunted Hunters

Hopkinsville, Ky. (AP)—Dr. J. H. Young and his friends received a warm reception while hunting on the artillery range at Fort Campbell. Authorities who had given them permission to hunt had no idea the big guns would cut loose. But there was a change in the army's plans. And the change in plans by Dr. Young & Company was immediate. They ran for cover just like the small game they had been hunting.

After Colds, Flu, Virus You May Suffer From TIRED BLOOD*

Feel Stronger Fast within 7 days...or money back! After a cold, flu, sore throat or virus you may suffer from iron deficiency anemia...or, as we call it, Tired Blood. To feel stronger fast take GERITOL, the high-potency tonic that begins to strengthen iron-poor Tired Blood in 24 hours. In just one day GERITOL iron is in your bloodstream carrying strength and energy to every part of your body. So, after a winter illness, if Tired Blood is your problem—take GERITOL every day. Take either the liquid or the tablets. You'll feel stronger fast within seven days or your money back.

POUGHKEEPSIE, Croff's Corner at South Road, Route 9, Opp. IBM

Briefly Told

Hamilton, Feb. 6 (P)—President Everett Case of Colgate University today announced an increase in the annual tuition from \$850 to \$1,000, effective Sept. 1.

Case said the increase was necessitated to meet rising costs of operation—"including faculty salaries."

He said a "fair portion" of the additional income realized by the increase would be used for student aid and scholarship funds.

Valatie, Feb. 6 (P)—The Rev. George A. Armstrong, a retired Presbyterian minister, died yesterday in a nursing home. He was 80.

He had served churches in New York city, Cohoes and Newburgh and in the Champlain Presbytery in the Plattsburgh area. He was born in New York city.

Albany, Feb. 6 (P)—The week of Feb. 17-23 will be observed as Engineers' Week in New York state by proclamation of Gov. Harriman.

The governor yesterday described engineering as one of the nation's "great resources," and said more scientists and engineers were needed now to meet the challenge of the atomic age.

Albany, Feb. 6 (P)—The Public Service Commission today au-

thorized two gas utilities to connect an additional 16,650 gas-fired space-heating installations.

The PSC said both had supplies adequate to meet the increased load.

Niagara Mohawk Power Corp. was authorized to make 16,500 new installations. About 143,000 of its 330,000 natural gas customers now use gas for heating.

Bath's municipal gas plant was granted permission to connect 150 more installations. About 1,500 of its 2,000 customers use gas for heating.

Albany, N. Y., Feb. 6 (P)—Friends and foes of proposed contracts for the sale of St. Lawrence river power set forth arguments today at a public hearing called by Gov. Harriman.

The governor must act by Feb. 19 on the contracts drawn by the State Power Authority. His counsel, Daniel Gutman, was to conduct the hearing (noon) in the executive chamber.

There has been considerable controversy over the contracts, which would grant the Reynolds Metals Co. and Niagara Mohawk Power Corp., 42 per cent of the project's 750,000 kilowatts of firm power output.

The five-man power authority approved the contracts by a 3-2 vote. The dissenters were Democrats, A. Thorne Hills and former Gov. Charles Poletti, who insisted that priority on state-produced power should go to domestic consumers.

The general manager of the National Rural Electrical Cooperative Assn., Clyde T. Ellis of Washington, D. C., urged the governor yesterday to reject the contracts.

Newark, Del., Feb. 6 (P)—A

BEATS HIS HANDICAP—Sightless since the age of five, 22-year-old Edward Laskie has always refused to let his handicap get him down. He works as a technician developing X-ray films at the Danbury (Conn.) Hospital. Expertly trained, he needs no sight for his darkroom work. He walks, unaided, half a mile to and from his job each day. The hospital lab processes more than 10,000 X-ray films a year.

27 per cent annual increase in the nation's fluid milk consumption in the next two decades was forecast today by Richard J. Werner, executive director of the milk industry foundation.

Speaking at the Delaware farm and home week program at the University of Delaware, Werner said the American housewife is aware that "fresh whole milk for fluid consumption is a bargain in terms of food, drink or wages and has been buying 8 per cent more per capita than she did 20 years ago."

This increase can continue if "the sales power of a united industry is put to work," he said, adding that by 1977 the national fluid milk consumption could be increased 17 billion pounds a year.

Rochester, N. Y., Feb. 6 (P)—Parkhurst L. Whitney, 70, a political columnist for the Rochester Democrat and Chronicle and a former newspaper and magazine editor, died in a hospital here last night after an illness of several weeks.

Whitney was a contributor to numerous magazines earlier in his career and was the author of a novel, "Time Exposure," which was published in 1931.

He was a former editor of the American Legion Monthly and a former managing editor of Outlook Magazine.

Jamestown, N. Y., Feb. 6 (P)—Ernest J. Seaburg, president of the Seaburg Furniture Manufac-

turing Co., died of a heart attack last night.

The 72-year-old business executive succumbed while riding through Olean in an automobile driven by his wife. They were returning home from a business trip.

Seaburg, a native of Eslof, Sweden, came to Jamestown with his parents 65 years ago.

Cleveland, Feb. 6 (P)—Presbyterians in the United States will be asked to give 54 million dollars in 1962, almost three times the amount contributed last year.

The benevolence program was studied by a meeting of 400 church leaders at a moderators' meeting here Tuesday.

Dr. J. Hoyt Boyd, synod executive from Texas, said the "hoped for and hypothetical sum was not too great according to the resources of the church."

A total of \$18,340,222 was given in 1956, an increase of \$1,989,267 over the previous year.

Free Spending, High Costs Depression Signs to Hoover

BY SAM DAWSON
Economy Analyst

New York, Feb. 6 (P)—Inflation—including inflated taxes—is cited as a depression breeder by one who ought to know. Former President Hoover, who had his hair curled once by a depression, sees the foreshadowing of another in the present era of free spending and a rising cost of living—and particularly in the complacency about it.

In the inflation period of the twenties that bred the big bust of 1929 the slogan was: "Never Sell America Short." Today the slogans are: "The old economic laws are outmoded" and "after all it's only money."

Fears Overstrain

Hoover thinks that the 103 billion dollars a year Americans are paying to be governed at various levels is too much for the economy to bear without danger of overstrain.

Treasury Secretary Humphrey also frets about the tax burden.

He says: "The present rates are so high that they will in the long run hamper our economic growth."

By that both men mean that after paying out 103 billion dollars of their individual and business incomes for taxes and other governmental levies, people aren't saving enough to finance the growth of industry needed if 1½ million new jobs are to be found each year, and homes are to be built for the young couples coming along. Which is another way of saying that money is tight.

Take It for Granted

"Times are so good right now that about the only thing to jolt people out of their complacency is the rising cost of living. They take the huge federal debt and the rising state and local governmental debts for granted. The slogan here is: 'We just owe it to ourselves.'"

The former president, calling on his 82-years of hindsight, thinks Americans should wake up and "realize that they cannot

have every social and public works improvement of their dreams all at once especially in a world where we have to defend ourselves from a monstrous international danger."

How to stop the increasing governmental spending seems to baffle many officials. As Budget Director Brundage points out, "nine out of ten letters I receive still ask for something—for the National Guard, for the veterans, for dredging channels, for building dams, for the thousand-and-one programs in which our citizens are interested."

Going Up Too Fast

The rapidly rising total of debt, as a result, isn't alarming yet, secretary Humphrey says, but he thinks "our debts have been going up pretty high and pretty fast."

Hoover contends that the

growing inflation movement of the twenties was helped along by federal activities which he protested at the time. And he warns that governmental spending is playing a part in the latest rise in prices.

While he expresses lack of fear at this time "of a serious depression—if we can stop the march of inflation," Hoover points out that "unless inflation is stopped, the end is a bump."

And so one of the big debates of the year is shaping up. It will be over what to do about stopping the price-wage spiral which is hiking the cost of living, and over the allied subjects, tight and governmental spending. And Hoover and Humphrey have added another item to the agenda of debate: The threat of a depression if the nation gets too complacent.

DRIVE CAREFULLY

Motorists are reminded to drive with caution over the new Kingston-Rhincliff Bridge, especially during the hours of darkness, and on Route 32, which is a narrow, winding road.

Although 340 reflective delineators have been installed in the temporary curbing on the span and it is safe to drive, operators of motor vehicles are advised to exercise care. The Bridge Authority made the decision to open the bridge before the electric lighting system and curbing were completed in order to accommodate industrial traffic.

The connecting road between Route 32 and 9W highway, which should have been completed by now, is not even started. In the meantime motorists will be forced to move over Route 32, which is inadequate for heavy travel, which reasonably may be expected in the months ahead. Traffic on Route 32 will either go in the direction of Kingston from Route 32 to Flatbush avenue or go to Glasco. There is bound to be a severe bottleneck here with heavy traffic.

Driving on this cork-screw road calls for the utmost in dexterity. We trust that motorists who plan to use the bridge will anticipate moving slowly over Route 32. Don't attempt driving at the customary rate of speed over this circuitous stretch of road or you may never arrive at your planned destination.

SHINING SPIRIT

The amount of so-called inspirational literature available in libraries and elsewhere has to be measured by the ton. Although books of this kind are doubtless of some help in uplifting the spirit, one sometimes wears of wading through reams of prose. More strength is often to be found in a simple news item.

Consider, for example, the story of Jill Kimmont. This 20-year-old girl was an expert skier, an Olympic prospect until a couple of years ago when her back was broken in a skiing accident. Her skiing career is ended, but her cheerful fight back from paralysis does much to whittle ordinary troubles down to size.

When this young athlete was stricken by a paralyzing injury, she did not give up. On the contrary, she has fought with great tenacity to regain her strength. As the Associated Press said in a recent story, "One thing that has never been paralyzed is her smile."

During her recovery, Jill Kimmont has been taking a university course in business administration. She has been promised a job managing a ski shop when she finishes school. She even dreams of going back to skiing. Her shining spirit is something to think about when the frustrations of life begin to pile up.

PRIOR RESTRAINT

A Florida newspaper editor has put his finger on the key to the danger in government behind a veil of secrecy. He says that politicians are developing a philosophy asserting that decisions of government should be made without "the prior restraint of an informed public opinion."

This meaningful phrase occurred in a statement by V. M. Newton, editor of the Tampa Tribune and chairman of the Sigma Delta Chi committee on freedom of information. It goes to the heart of the trouble.

"The politician," said Newton, "has managed to drape a paper curtain of secrecy around large segments of free American government." The exact extent to which this has occurred is debatable. The danger of the practice, so far as the people are concerned, is scarcely open to question. Wherever possible, the public should know what decisions are pending. Otherwise, "the prior restraint of an informed public opinion" cannot operate.

'These Days'

By GEORGE SOKOLSKY

A MOST DISCUSSED SUBJECT

Notwithstanding the fact that crime, in the United States, is more talked about, more committed about, more conferred about than almost any other subject, it continues to increase and the criminals seem to become younger each year. The year, 1956, was especially bad, exceeding, according to J. Edgar Hoover, 1955 by 12 per cent.

Of course, there are all sorts of crimes, ranging from the murder of very young girls to satisfying a compulsive lust, all the way down to stealing automobiles. There are fewer bank robberies, perhaps because the criminals grow steadily younger. But murder continues on a wide scale and, in this country, murder seems to be only too often associated with sex.

For instance, it is difficult to believe that those who murdered the two sisters in Chicago, aged 13 and 15, and then dumped them naked in zero weather, are part of our civilization. The fault may lie in our system of education, in home life, in religious inspirations. It may be that we are becoming too urbanized. But this is certain: the rising crime rate cannot be ignored, just as the relationship of murder to sex, in cases involving juveniles, cannot be ignored.

In the large cities, only too often, citizens note the beginning of a crime and do nothing about it, lest they be involved in the slow processes of judicial procedure, waiting to be called, suffering attack and humiliation at the hands of boisterous counsel for the defense. So they turn away even if young ladies are molested by hoodlums. It is not so much that the age of chivalry has disappeared as that working days are lost by witnesses.

The Mad Bomber case has established one fact, namely, that if a newspaper works with the police on a case, the chances are that an unorthodox way will be found to discover the culprit. For 16 years, the Mad Bomber went his merry way, but he was eventually smoked out by plans laid by the publisher of the New York Journal American, Seymour Berkson, as the police admit.

But now along have come the lawyers of New York City who make it unethical for a lawyer to discuss a pending case with a reporter, a gag rule that has long been in the making and that will be more often breached than honored. If lawyers got no publicity at all, how would anyone know that they exist and where would they get their clients?

The newspapers might retaliate for this gag rule by omitting the names of all lawyers and perhaps even the judges in reporting cases. Surely they should omit the names of prosecuting attorneys, just as they omit the names of defense attorneys, "district attorneys"; etc. Soon these fellows would be on their knees begging for a mention. It is the notice that is bread and butter to such people. Even physicians, who have long had a tradition against self-advertising, have gone into it indirectly by supporting funds or getting into controversies over whether smoking is good or bad for the heart or what diet is healthful.

There are always ethical gimmicks for the most unethical practices, and after all, when a practice is made unethical by some committee of some professional association, what is its true value, and as the racketeer would say, what's the angle?

The gag-rulers having failed to suppress the newspapers, now have come up with this trick: the newspapers may publish what they can get, thank you, but any lawyer who tells a reporter anything is unethical. So it is up to the reporter hereafter to wean the lawyer away from committee-made ethics. It will not be difficult.

From the standpoint of public welfare, however, this is a serious matter because it could prevent public opinion from being formed over matters where public opinion should prevail. For instance, we are about to have cases involving two men and a woman arrested by the FBI charged with espionage. They cannot have a fair trial unless it is an open trial and a trial is only open when it is reported in the press. On the other hand, the American people are entitled to know what our erstwhile ally, Soviet Russia, that got \$11,000,000,000 from the American taxpayer, is up to. Secrecy benefits no one, except the lawyer who wants to fix a judge.

That Body of Yours

By JAMES W. BARTON, M.D.

THE TRANQUILIZERS

As we mentioned yesterday, the use of the new tranquilizing drugs has all but revolutionized the treatment of the acute alcoholic. Such drugs as reserpine, chlorpromazine, meprobamate and p-mazine hydrochloride have proved of immense value in treating the alcoholic. The patient not only is given a sense of comfort that enables him to sleep but also is relieved of his nausea and is able to eat much earlier than heretofore.

All the tranquilizing drugs have some beneficial effect. They produce relaxation without necessarily sleep. Their value lies in reducing tension and in allowing the patient to remain aware of his surroundings and available for treatment by other methods. There have been some reports of a person becoming habituated to such drugs but this danger can be minimized by changing them around. Of course one must always look for side effects of these drugs, and they must be taken under careful medical supervision.

The dietary regimen of the alcoholic patient in his chronic state seems to have very little effect on the drinking pattern or on his desire or absence of desire to drink. On general principles, a high-carbohydrate, high-protein and low-fat diet seem to be of greatest value with a full allowance of vitamins and minerals. Most alcoholic patients do not require any special diet except that of the well-balanced regimen that would be recommended for any individual.

There have been many recommendations as to how to treat the alcoholic not in the acute stage in an effort to prevent him from drinking. There is little doubt that psychotherapy (treatment of the mind and emotions) is indicated here. However, it is not always a simple matter to have the patient submit himself to such treatment. Some feel that the alcoholic is the victim of some metabolic disease that can be treated on a dietary basis but Dr. Marvin Block, from whose article I have been quoting, says that this has not yet been satisfactorily proved although there have been claims made of such recoveries.

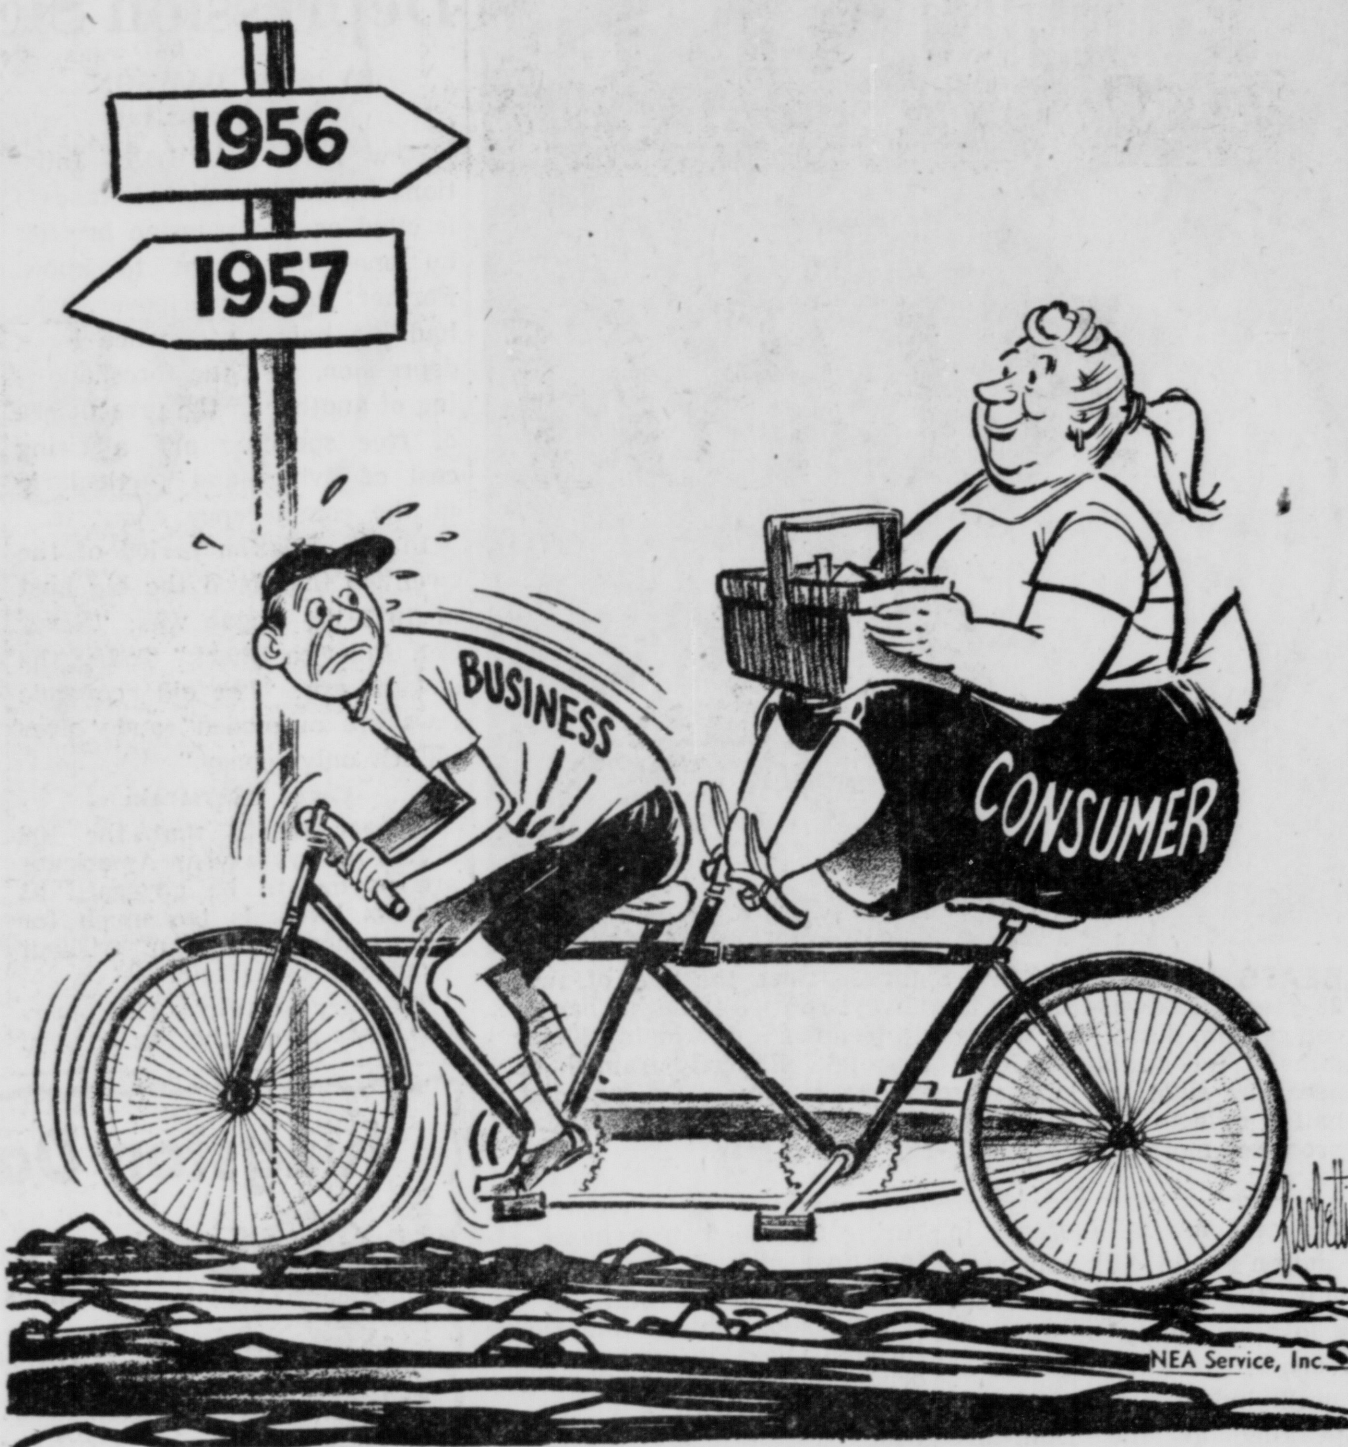

"Although my experience has been that diet alone does not remove from the alcoholic patient his desire to drink, there is no doubt that a feeling of well-being and a healthy physique will make any patient feel better. A sense of well-being, unfortunately, is something that most alcoholics do not have but are continually trying to achieve. It is this lack of comfort that often causes them to seek in alcohol a relief from their tensions. A well-balanced diet, therefore, contributes to the general sense of physical well-being."

Some have suspected that some hormone not acting properly was the cause of alcoholism but there is no evidence of glandular disturbance, it cannot be considered to be the cause. However, even with the help of the tranquilizing drugs, some patients find it difficult to refrain from alcohol and with this type of patient disulfiram (Antabuse) is a valuable aid. We will discuss its action further tomorrow.

Return From the Picnic

Washington News

BY PETER EDSON

NEA Washington Correspondent

Washington (NEA)—The sad fact is that President Eisenhower's school aid program is now given only a little better than a 50-50 chance of passage by Congress this year.

This is in spite of a few factors that would indicate more favorable action.

The one very hopeful factor is that many congressmen campaigned last year on promises to vote for school aid legislation this year. Both party platforms pledged last year on promises to vote for the school aid bill.

Furthermore, the shortage of classrooms and teachers is greater this year than last. Pressure on congressmen from parents and local school officials to do something is getting heavier all the time.

But President Eisenhower's school program which was presented to Congress this year is much the same as the program which Congress turned down last year. The objections to it are likewise still the same.

This puts the administration's legislative leaders up against the problem of planning new strategy. In the long run, they hope it will permit passage of some kind of an aid to education program before the end of the session.

Early action is out.

MOST PROMISING ASPECT
So far is the idea of having Congress take up civil rights legislation before tackling the school aid bill.

There is growing sentiment among southern congressmen to allow passage of a minimum civil rights program this year. This arises for two purposes. First it would satisfy northern leaders of both major parties who want something done for their Negro

voters. Second, it might quiet increased agitation for greater civil liberty by Negro leaders in the South.

If a limited civil rights program could be got through Congress along the lines proposed by President Eisenhower in his State of the Union message, it might do much to take the heat off school aid legislation.

It might permit passage of a school aid bill without a Powell amendment barring federal school construction funds to states that had not complied with the Supreme Court decision against segregated schools.

There is no doubt that Rep. Adam Clayton Powell (D-N. Y.) will have such an amendment again this year. His amendment was passed last year. But it got some Democratic votes which were then switched to kill the school aid bill on final passage—224 to 194, with 17 absent and not voting.

President Eisenhower wants a school aid law without the Powell amendment. A switch of 25 votes might do it.

TO AVOID ANOTHER
disastrous defeat in the House again this year, the principal strategy being talked of is to get the Senate to act on the school aid bill first. This assumes that the Senate would pass a bill without the anti-segregation amendment and that this would give the House the necessary incentive to approve the legislation in the same form.

But there is one other provision in the school aid bill which White House and Department of Health, Education and Welfare officials are anxious to get rid of. It is the Walsh-Healey Public Contracts Act. It provides that the secretary of labor shall set minimum wage rates for all labor employed on government contracts.

Twenty and Ten Years Ago

Feb. 6, 1937 — Dr. Mark O'Meara, 63, prominent local surgeon, and chief of staff of the Benedictine Hospital, died after a long illness.

The graduating class of School No. 2 held a banquet in the Stuyvesant Hotel.

Mary E. Mathews died at Southern Pines.

Feb. 6, 1947 — Frank W. Scully, a native of Kingston, was promoted from the management of

the Western Union office in Watertown to head the company's Utica office.

A rear room and the roof of the Everett Grant residence at 21 Dunn street, were damaged by an early-morning fire.

A low of five degrees above zero, with more severe weather forecast, was reported in the area.

Appearances of the evening grosbeak, a bird of western Canada, were reported in the county.

Wage-Price Spiral Called Basic Fault in the Economy

By DAVID LAWRENCE

Washington, Feb. 6.—There seems to be a revived interest in "hair curlers." The Secretary of the Treasury, George Humphrey, said the other day that, unless Federal spending is cut down, we "will have a depression that will curl your hair."

Now former President Hoover says: "Mine has already been curled once—and I think I can detect the signs."

The blame is placed on "inflation." Yet, despite the thousands of times the word is used, Congress keeps asking what it means and how it can be curbed. The sad truth is that at heart Congress knows what's wrong but doesn't dare to correct it. Expenditures have grown to a dizzy height—Mr. Hoover reckons the Federal spending really amounts to about 103 billions—but there isn't a group, a faction, or a party in Congress which dares to go on record in favor of cutting expenses by the billions. The danger is that Congress will actually increase the budget submitted by the President.

Pressure Groups Active
The pressure groups are so powerful—the explanations of the need are so plausible—that members of Congress just will not take the risks of fighting the proposed appropriations. But the curtailment of public spending is only one phase. The Federal Reserve System has tightened up the supply of credit. Arbitrarily the Federal Reserve has been saying that borrowing must be cut down. Many big projects have been abandoned or postponed and interest rates have gone up—thus adding to the expense of doing business.

But the wage spiral is the basic fault—the monopoly of national labor unions which control the jobs of the nation through compulsory unionization and which compel employers to grant annual increases in wages irrespective of whether productivity per man hour has been increased.

No Legislative Steps
Nothing is being done by Congress to regulate or abolish this monopoly. And, perhaps for political reasons, nothing will be done until the economic machine has gone into the ditch.

The big question now is whether a depression is near at hand or on the way or remote. Mr. Hoover says the economy is again optimistic and he becomes with some bitter recollection to the assurances they gave him in 1929. He says:

"The obvious sign of inflation is the advance of prices, wages and the cost of living. But another sign is the temperament of

AS PEGLER SEES IT

By WESTBROOK PEGLER

The engagement of Emmett Kelly, formerly of Ringlings Circus, to fill the office of jester for the Brooklyn ballclub whistles much too fine a point. The daffiness boys of long ago and the bums of more recent date were natural buffoons and undeniably winsome. Mr. Kelly's adroitness is artificial, artful and professional. And though he is heartrending, faltering in his grotesque rags with two buckets of water at the terrible fire in the elephant tents in Cleveland, that was not a deliberate "act."

He is, after all, a professional funny man as distinguished from the funny professional men of Brooklyn, long ago. It is a vain regret that when I had the privilege of picking my assignments in sports, I did not more often throw in with the Brooklynly Uncle Wilbert Robinson, called Uncle Wilbert by the late Bill McGeehan, a literary humorist whose delicate parodies on Shakespeare occurred unexpectedly and much too seldom.

Robbie and McGeehan drank Georgia jump-steady, a special blend of musle tintured with rub-stuff, usually purveyed in mason jars the offerings drained into the ears. They were worn-out companions and they retired into long communions at a hunting and drinking camp called Dover Hill in the home of a great gentleman and a master of picturesque, unprintable metaphor who had coached football just after the war with Spain and drove the Boston Braves from eighth to a pennant in 1914. George Stallings was at home on a bench with a smelly crew in the uncouth era but he eschewed the slightest vulgarity in the presence of a waitress and stood to remove it in others.

I did make a few journeys with the Dodgers, and though it is not easy to depict in the words which I command the comedy which I endeavored to their public, neither can Emmett Kelly's advocates convey his charm in serious language.

One day in Brooklyn when McGraw was there with his Giants and the Dodgers were at bat, in the ninth with the ballgame on base and two out, I noticed Babe Herman, kneeling on his hat and waiting for his turn. He was making crazy gestures at someone upstairs. My eyes caught Garry beside me, gesturing back with his fingers and carrying on mute repartee with Herman.

I asked: "What are you fellows up to?"

Garry said: "Oh that is a goofy Eytalian game we play on the road. You try to guess how many fingers the other guy is going to put up. We are very mental so we do not play Hearts or Old Maid so we play this game."

The hatter hit and Herman, with a parting throw of his fingers at Garry, went to the plate and won the ball game.

"McGraw would kill a guy doing that," I said.

"McGraw didn't win the ball game, did he?" said Garry.

Uncle Wilbert did not always know the names of his players, and relied a great deal on "Hey you."

I may have related before that at Clearwater the year that Al Lopez, a blond Spaniard of the local aristocracy, came up, Warren Brown asked, "Are you going to keep that Lopez, Robbie?" and that Robbie said, "I don't know. Trouble with Cubans, if you get one you have to get another to room with him."

On one of our trips, Brooklyn was not hitting so Herman asked Robbie to let him revise the batting order. Robbie said it couldn't be worse and Herman led off with the pitcher, the catcher, first baseman, and so forth.

I am sorry the box scores would not support my hope that Robbie adopted this idea and won. That is the hell of keeping records.

Joe Gordon, now of the Miami Daily News, said Herman approached him in Pittsburgh and asked him to lay off that clown stuff because it was now September and he had a contract coming up and wanted to be in a strong bargaining position. Mr. Herman then pulled a butt of a cigar from his pocket and asked for a match.

Platinum was used for personal adornment by South American Indians long before Columbus discovered America.

Gordon frisked himself and Herman began puffing vigorously. As Gordon produced his match, the Babe's butt shot sparks and smoke and he said: "Never mind, it's lit."

"The deal is off," Mr. Gordon said.

I first joined the Dodgers about 1924 at Clearwater, arriving by train near midnight. I toiled a long way to an upstairs hotel over some darkened stores and the clerk had hysterics when I asked for a room with bath. I lugged my suitcase and writing machine upstairs and went to a sitting room where Abe Yeager, the sport editor of the Eagle, was dealing cards.

"Why did the bum laugh about wanting a bath?" I asked.

"Show him," Abe said. Tommy Rice took me to the bathtub which was filled with turtles, alligators and snakes. "Souvenirs for the wives and kiddies," Tommy explained.

I drew cards and was fixing my hand when there were frenzied yelps, shots and a crash of glass.

"The Rab," said Yeager quietly. "Rabbit Maranville. When he ends a bottle of gin he throws it out the window and tries for wing-shots with a .45."

Emmett Kelly is following some great clowns into Brooklyn. (Copyright, 1957, King Features Syndicate, Inc.)

Driving Blind

Coeur d'Alene, Idaho (P)—A. L. Wycoff of Spokane, Wash., rounded the corner of a building, drove up a slight grade, suddenly saw the nose of his car drop several feet with a spine-jarring crash. He'd driven up the loading ramp of a building supply company while trying to find his bearings in the 2 a. m. darkness. His car landed with its front wheels on the ground, its rear ones still on the loading ramp. Police called a wrecker and helped Wycoff get his car back to earth.

So They Say..

It is unbelievable that... despite the fierce winter weather, 1,261 fugitives nevertheless came to Austria. Is there any plainer evidence that these people were driven by anxiety or fear?

—Austrian Chancellor Julius Raab attacking tyrannical Hungarian rule forcing refugees into Austria.

Very large and very wealthy. —Former British Prime Minister Clement Attlee's impression of the United States.

Flattered by your wire and delighted to be honorary chairman. Are you sure I can be elected? It would be an agreeable experience.

—Adlai Stevenson's reply to a telegram asking him to become nominee for honorary chairman of the Marin County (Calif.) Democratic Club.

R. C. Gendreau has returned from a three week trip to Louisiana.

The Women's League for Service of the Reformed Church held its annual dinner at Leher's Restaurant in Kingston Tuesday.

Confession

Wichita, Kan. (AP)—Detective Kenneth Briggs had no trouble solving a couple burglaries. The telephone rang at police headquarters and a boy told Briggs he could get "information for you about the guy who broke into two places." The informer promised to call back. On the second call, the tipster said he had the information. "Okay," said Briggs. "Who broke into the places?" "Me." A squad car brought the juvenile in.

PENNEY'S

See Urgent Situation

United Nations, N. Y., Feb. 6 (AP)—British and French UN delegates arranged to call on Secretary General Dag Hammarskjöld today to press for early resumption of talks on a Suez Canal settlement. Their view is that the situation is becoming urgent. A British delegation spokesman said Sir Pier-son Dixon, permanent British delegate here, asked Hammarskjöld for the appointment. Guillaume Georges-Picot, permanent French delegate, planned to take part.

Will Reject Offer

New York, Feb. 6 (AP)—Latest proposals of newspaper deliverers for a settlement of their six-day strike will be rejected, a spokesman for newspaper and magazine wholesalers said today. The strike has crippled distribution of magazines and newspapers in New York city and its suburbs. Attorneys for the 31 wholesale distributors, against whom the strike was called by the independent newspaper and mail deliverers union, said the union's newest proposals were not acceptable.

A Diesel locomotive contains more than 70,000 individual parts.

DIED

GREGORY—At Annapolis, Md., February 3, 1957. Wesley Gregory, formerly of Kingston, Memorial services at the parlors of A. Carr & Son, 1 Pearl street, Kingston on Saturday at 3 p. m. Local Death Record

Wesley Gregory
Wesley Gregory, formerly of Kingston, died Sunday at Annapolis, Md. Mr. Gregory is survived by two sons, Dr. Paul D. Gregory of Monrovia, Calif., and Joseph W. Gregory, Rear Admiral (Ret.) of Annapolis, Md. He was a member of Roundout Lodge, 343, F. & A. M., this city, for 60 years. Memorial services will be held at A. Carr & Son, 1 Pearl street, Saturday at 3 p. m. Burial will follow in Montrose cemetery.

Fred Lang
Fred Lang, 62, of RD, High Falls, died suddenly at his home early this morning. A native of the Bronx, New York city, Mr. Lang had lived in High Falls for many years and was employed at Lake Mohonk as a chef for the past 16 years. Surviving is a sister, Mrs. Marjorie M. Meehan, of High Falls, and several nieces and nephews. The funeral will be held from the George J. Moylan Funeral Home, Main street, Rosendale, at a time to be announced.

Lottie Hoffman Weaver
Mrs. Lottie Hoffman Weaver, 90, died Monday at Northampton, Pa. She was the widow of Henry A. Weaver and daughter of the late Henry and Sarah DuBois Hoffman. Surviving is a son, Eustace L. Weaver; a daughter, Esther, wife of Warren G. Smith, both of Northampton. Seven grandchildren and 12 great grandchildren also survive. Funeral will be held from the Schussler Funeral Home at Northampton, Pa.

Mrs. Mae Albrecht
Funeral services for Mrs. Mae Albrecht, wife of Frank Albrecht of Port Ewen, were held Tuesday afternoon from the George J. Moylan Funeral Home, 88 West Chester street, Kingston. The Rev. Harry E. Christiana of the Port Ewen Reformed Church officiated. The casket was banked with many beautiful floral pieces and the many friends that called to pay their last respects was a token of the esteem in which Mrs. Albrecht was held by all who knew her. Burial was in St. Mary's cemetery. Bearers were Edgar Piltz, Donald Elliott, Kenneth LeFever and Benjamin Langendorf.

Edward J. Pierce
Edward J. Pierce of Route 1, Box 305, East Kingston, died Tuesday following a long illness. Born in Troy, the son of Mrs. Irene Perry Pierce and the late Anatole Pierce, he made his home in the village of East Kingston the greater part of his life. During World War I he served with the 59th Pioneer Infantry Co. L and also served as a French interpreter. For many years he was engaged in the brick industry at the Brigham Brick Co. and later was employed at the Electro Plating Co. of Oshawa, Canada. John Kasterlek of Germany and the late Frederick Kasterlek of Rosendale, N. Y.

Friends may call at the W. N. Connor Funeral Home, Inc., 296 Fair street, this evening between the hours of 7 and 9 o'clock where funeral services will be held Thursday, February 7, 1957, at 10:30 a. m. Burial in Rosendale cemetery, Rosendale, N. Y.

LANG—Suddenly at High Falls, N. Y., Wednesday, February 6, 1957. Fred Lang; beloved brother of Mrs. Marjorie M. Meehan; also surviving are several nieces and nephews. Funeral arrangements will be announced by the George J. Moylan Funeral Home, Main street, Rosendale.

DIED

MAYER—At Kingston, N. Y., February 5, 1957. Mrs. Marie A. Mayer of Rosendale, N. Y., beloved wife of William A. Mayer; devoted mother of Mrs. Helen Whitaker, Irwin Mayer, Carl Mayer and Mrs. Carol Madaus.

Funeral services will be held at the George J. Moylan Funeral Home, Main street, Rosendale, Thursday, February 7, 1957, at 2 p. m. Interment in the Rosendale Plains cemetery. Friends may call from 2-4 and 7-10 p. m.

PIERCE—Edward J. of Rt. 1, Box 305, East Kingston, N. Y., on Feb. 5, 1957, son of Mrs. Irene Perry Pierce and the late Anatole Pierce; brother of Mrs. Thomas McCullough, Mrs. Joseph Celuch and a foster brother of Amy Campbell. Funeral will be held from the Frank H. Simpson Funeral Home, 411 Albany avenue on Friday at 9:15 a. m., thence to St. Colman's Church where at 10 a. m. a high Mass of requiem will be offered for the repose of his soul. Burial will be in St. Mary's cemetery. Friends may call at any time.

Move to Revise

that they could not see how they could authorize a dumping area without knowing its specific location, and McArdle, recalling experiences in his ward, felt that the area should be outlined.

Tried Task Before

Alderman-at-large named himself on the charter committee on suggestion of Alderman McArdle, who noted that Schwenk had gained previous experience in attempts at charter revision. The council's president had served during a charter-revision period in 1935 during the Heislman administration, and was chairman of a committee in 1948 when another attempt was made. Both failed to reach the point of adoption. The 1935 attempt was defeated in a special election.

Changes Needed

Mayor Stang noted in his letter that the city's charter had gone a long time without changes, "and it is quite evident now that drastic changes or revisions must be made. A charter must be kept up to date and in tune with the times." He noted that he had provided \$1,500 in the budget for the purpose, and asked that the committee be named.

The aldermen voted 12-1 in favor of discontinuing the local dog warden and using facilities of the county SPCA to perform the warden's duties. The annual cost of the new arrangement will be \$2,400.

The dog warden's budget was \$3,050 under the old set-up, and of this \$2,800 was for salaries.

Zaksekis Dissents

Frank Zaksekis (D) Fourth ward, the only dissenting councilman, noted that the city was taking a job away from a local taxpayer to save \$600. The city had its own equipment and was set to operate, and he said he failed to grasp the value of the saving at the cost of a man's job. There was some question as to whether the status of a civil service job was affected, but it was finally decided that it was not.

Cities Conditions

Alderman Zaksekis, in his letter to the mayor, on conditions in his ward, said he wanted to call attention to Ernest A. Steuding, public works superintendent, and to the mayor, to the conditions outlined. The letter mentioned flooding conditions near the entrance to Hasbrouck park, a condition on Elm street, flooding of cellars on the south end of Fourth avenue due to storm water, a serious drainage condition involving at least 20 families on Kingston street, Ulster street, First and Fourth avenues.

Other conditions cited were on Maple street, Gros street, which need scurfing, and in other areas of the ward. Speaking from the floor he said "some streets haven't been paved as long as I can remember." The only improvement in some street lights in 40 years, he held, were changes of shades. Some streets have no lights and the lights on others are 1,500 feet apart, he reported.

Neglected, Says DeCicco

James DeCicco, of 2 Kingston street, granted privilege of the floor, held that conditions in the ward were brought up many times in the past and residents of the ward were promised in 1956 that something would be done.

The area he said was surrounded by swamp conditions, and much of it has not the proper soil for natural drainage. The area also lacks bus service and children walk as far as two miles to school. He mentioned conditions reported by Zaksekis, and concluded: "I don't have to ask you if we have a neglected part of the city, because I know we are."

Alderman Keyser, said he felt it "no more than fair," that an evaluation of the situation be given. Especially, he said, in consideration of the last three years when tremendous strides were taken to improve the city's main arteries.

Equal to Two Cities
Keyser noted that the city has 125 miles of improved streets, which is equal to the mileage of both Newburgh and Poughkeepsie.

"We have miles and miles of streets which are not improved," he said, and he noted that some of these were in the Fourth ward. He felt that the people

there should ask to come under special assessment.

Blames Past Aldermen
Alderman Perry held that some of the streets could have been improved "away back in depression times" when they were putting sewers "out in the woodlands." He asked, "Why didn't they do something for these people then?" They suffered, he felt, because the men in the council didn't "speak up for them."

Zaksekis said conditions have become worse since WPA times because many more homes have been built. He said he was aware of the 25 and 75 per cent cost special assessment, and many are willing to back the improvements. Streets mentioned in his letter, he said, however, included "accepted streets, which haven't had a thing done."

Alderman Zaksekis, in his letter noted that in the past 10 days he had called attention to conditions on Wurts street. He argued that the public works department, if it could not repair the street due to weather conditions, should have provided warning signs, because it is a main thoroughfare.

"On Monday," the letter said, "your department finally made an attempt to repair the street." He said it has been his intention to invoke a law dealing with dangerous conditions and claims, but said he would hold back "with the hope that you will take the necessary steps to make the street safe and usable."

A claim of \$12,500 against the city filed by Vincent M. Dougherty, a boy under 14 and his father Francis J. Dougherty, of 39 DeWitt street, was referred to the corporation counsel.

Skating Mishap
Thomas J. Plunkett is the attorney and it was noted that the boy suffered a leg fracture while skating at Kingston Park. Two persons, it is claimed, were told by a city employee to take the boy home, and as a result the condition was aggravated. The claim for the boy is \$10,000 with \$2,300 filed by the father for loss of services, medical and other expenses.

Bids by three bus companies for permission to use additional city streets as a result of the uptown one-way street pattern, were referred to the railroad and bus committee. The applications are by Adirondack Transit Lines, Inc., Arrow Bus Lines, Inc., and Eagle Bus Line, Inc. The Arrow line would also discontinue use of lower Broadway, Ferry street, East Strand and Hasbrouck avenue where a run has been abandoned.

A letter from the Central Hudson Gas & Electric Corp., noting observance of National Electrical Week from Feb. 10 through 16 (the week of Thomas A. Edison's birthday) was read and filed.

Building Inspector William H. Swart was granted permission to attend the eighth annual Building Inspectors School Feb. 21 and 22 in the Hotel New Yorker, New York.

On recommendation of Corporation Counsel James J. Abernethy, the aldermen voted to retain Attorney William H. Fitzgerald, to represent the city in collecting \$13,232.56, owed the city in back taxes by the O&W Railroad, dating from 1937 to Dec. 1, 1955.

The attorney represents other communities along the railroad which has been in receivership. The city's share of his fee, it was noted, is only \$75. The council authorized payment of \$37.50 as the first half.

Financial and Commercial

New York, Feb. 6 (AP)—The

stock market headed lower in moderate trading early this afternoon.

Pivotal issues declined from fractions to around 2 points. The market was slightly lower at the start but steels and motors began to show some improvement. They established some fair gains but the rest of the list remained generally on the downside.

The steels and motors erased most of their gains and drifted to the downside around mid-session. Losses among aircrafts and oils grew steeper.

After yesterday's rally, the sharpest in four months, analysts felt the market was at a critical point where it could either rebound or seek a considerably lower rallying point.

Quotations by Morgan Davis & Co., members of the New York Stock Exchange, 63 Wall street, New York city, branch office, 41 John street, R. B. Osterhout, manager.

House Group

government would have a deficit if the rates aren't continued. "After two years of balanced budgets as a result of the combined hard work of the Congress and the administration," Humphrey said, "it would be inexcusable to slip back into deficit financing for next year."

Favors Tax Relief
Discussing his belief that present tax rates are too high for the long pull, the Treasury chief said:

"I believe that the most important tax change that could be made to promote steady economic development would be to reduce the rates for all taxpayers when our fiscal situation permits."

"My chief concern now is to avoid any new special relief provisions for particular groups of taxpayers."

Corporation income is now taxed at 52 per cent—a 30 per

cent normal tax, and a 22 per cent surtax on income over \$25,000. Unless continued by Congress, the rate would drop to 47 per cent April 1, with a revenue loss estimated at two billion dollars a year.

Would Be Higher
The tax accounted for \$21,300,000,000 of revenue in 1956 and is expected to continue at a slightly higher level this year.

Another billion dollars of revenue would disappear without extension of present rates for excise (sales) taxes on whisky, tobacco and automobiles. Gasoline taxes were increased last year and pegged at present rates to finance the federal highway building program.

Business Leaders, Meany Disagree About Inflation

Washington, Feb. 6 (AP)—Two leading business spokesmen today cited inflation as the key problem facing the nation but a top labor leader said business might turn down in the last half of 1957.

The National Assn. of Manufacturers (NAM) said if the present rate of inflation is allowed to continue, "it can compound into a doubling of the price level by 1975."

Points to Danger
Frazar B. Wilde, chairman of the research and policy committee of the Committee for Economic Development (CED), said "we are now faced with the danger of a long-term and persistent inflationary trend."

"We must conclude that inflation is an intractable, unacceptably and unsustainably way of life and will ultimately lead to full unemployment."

George Meany, president of the AFL-CIO, said the economy is at very high levels now but appears to be faltering a bit, particularly in the sectors of plant expansion and consumer demand.

May Taper Off, Meany
"There is the possibility, therefore, that national economic activities may taper off or even turn down about mid-year," Meany said.

The views of the NAM and Meany were in statements submitted to the Senate-Economic Committee. Wilde's testimony was prepared for the same group; he said he was not necessarily speaking for CED, a research organization sponsored by businessmen.

The committee was winding up a series of hearings on President Eisenhower's 1957 economic report. Invited for the session were business, labor and farm leaders.

Blame Costs, Wages
The NAM statement said rising costs, and particularly wage boosts, were the major cause of the new inflation. It said productivity has not kept pace with wage increases but that, nevertheless, industry has shown restraint so prices have not gone up "enough to avoid a squeeze on profit margins."

Meany, on the other hand, said "administered prices" in basic industries were a main cause of inflationary pressures.

He said consumer debt was up and liquid savings of families were down. In such a situation, he contended, "required government actions" include an increase in the minimum wage from \$1 to \$1.25 an hour, along with extension of coverage; special assistance to chronic unemployment areas; easing of the tight money policy

The Mature Parent

A Bribe Exposes Our Doubt In Our Child's Helpfulness

By MRS. MURIEL LAWRENCE

On the way home from school Joan passes the grocery store her mother trades with. Next to it is a shop that carries toys. For the past week its window display has included a green plastic purse marked down to 59 cents. Twice Joan has enviously described it to her mother as the exact shade of her winter coat. Once she asked for it openly—and was refused.

This afternoon Joan's mother wanted something from her. Told that her husband was bringing a client home for dinner, she realized she'd need whipping cream for a company dessert. Instantly she thought, "I'll get Joan to run downtown for it by giving her the money for that green pocketbook."

But she didn't yield to the temptation to bribe the child. Controlling her impulse to buy helpfulness, she asked for it. Though Joan grumbled a little at going on the errand, an explanation of its emergency nature soon got her on her way.

When she returned with the cream, her mother kissed her and said, "I am so grateful that I want to give you something in return. Here is 59 cents to buy that green pocketbook you were telling me about."

This reward gave Joan 500 times the satisfaction that a

bribe of the same gift would have given her.

A bribe always expresses our doubt of a child's helpfulness. It anticipates his refusal of it. It insults him, treating him, not like a human being possessing initiative and understanding, but like a vending machine that cannot disgorge our chewing gum until we have inserted the coin that starts its gears working.

Unlike the bribe, the reward is given to the child AFTER he has done us the service. It expresses appreciation instead of suspicion of his helpfulness. It therefore gains for Joan not just a green plastic pocketbook but new self-respect as a person of recognized value to others.

Parents bribe children because they fear to make an unsupported demand on their helpfulness. If we are a bribing mother or father, we should consider the possibility that we begrudge giving to others ourselves. It is only when we secretly feel that others are asking too much of us that we feel obligated to bribe Joan not to resist our demands on her. We expect from her the resistance that is in ourselves.

This resistance is something to know about, not to be ashamed of.

Veteran Entitled To Select Higher Payment Benefit

"Veterans qualified for two benefits, such as service-connected compensation and non-service-connected pension, always have the right to select the higher payment," it was pointed out today by Howard Shurter, director of the Ulster County Veterans Service Agency. He further said that veterans cannot receive both benefits at the same time based on their own period of military service.

THEY'LL DO IT EVERY TIME (Registered U. S. Patent Office)

By JIMMY HATLO

The Veterans' official declared that "The VA is very liberal on elections, but a veteran must exercise his own right—it is not automatic. He may go from one to the other if he is qualified; and, if his status should change in later years, he can revoke the election and return to the original award."

In the case of compensation based on rated degree of disability, 10 per cent to 100 per cent, a veteran who switched to pension must still be eligible for a rated degree and be able to prove his claim. For statutory awards and arrested TB, the award is given for life, so the

veteran is already qualified if he wants to give up his pension for compensation.

Further information on veteran's benefits may be obtained by contacting Veterans Service Agency at 32 Main street, Kingston, or the branch offices in Ellenville, Highland, Kerhonkson and Saugerties.

25 Firemen Hurt In 3-Story Blaze

Bay Shore, N. Y., Feb. 6 (P)—Twenty-five firemen suffered smoke poisoning, burns or injuries yesterday in fighting a fire that spread quickly through a three-story structure.

None of them was seriously hurt.

About 35 tenants escaped without injury.

About 200 Long Island volunteer firemen of Bay Shore, Islip and Babylon fought the blaze on West Main street.

Sparks ignited a 28-foot cabin cruiser anchored in a creek behind the burning building, but this fire was put out quickly.

The wooden frame building,

erected in 1900, formerly was known as the Carlton Opera House.

Firemen said burning grease in a kitchen apparently caused the fire.

Sweet, smooth and sassy—that's Chevrolet all over. Above, you're looking at the Bel Air Sport Coupe.

Clings to the road like a stripe of paint!

The '57 Chevy can give lessons on taking curves and holding the road to just about any car going. Few cars at any price are so beautifully balanced and so smooth, sure and solid in action.

A car has to have a special kind of build and balance to keep curves under control. And nobody outdoes Chevrolet in that department! It "corners" with all the solid assurance of an honest-to-goodness sports car. Chevy doesn't throw its weight around on turns because it carries its pounds in the right places.

And if the road should turn upward, Chevy can take care of that nicely, too. Horsepower options, you know, range up to 245.*

Come on in and take a turn at the wheel of a new Chevrolet and see if you don't find yourself heading it for home.

CAB Rules Out Test Flights Over Populated Areas

Washington, Feb. 6 (AP)—The Civil Aeronautics Board (CAB) has ordered a halt to all aircraft flight tests over densely populated areas. The new regulation applies to military as well as civil aircraft.

Spurred by an aerial collision over Pacoima, Calif., last week, the CAB announced yesterday that after Feb. 20, test flights must be made over open water, or over sparsely populated areas approved by the Civil Aeronautics Administration.

The California collision involved two planes being tested, an air force jet and an airliner. The airliner wreckage dropped into a schoolyard, killing three boys. Five fliers also lost their lives, and another 76 children were hurt.

In another order yesterday, the CAB said any flight operation requiring "abnormal" preoccupation with cockpit duties may be considered careless or reckless flying.

Hitch-Hiker

Martinsburg, W. Va. (AP)—The city policeman blinked in amazement when he saw two cars with only one driver pass the station. They were even the same make, model and color. The driver, when stopped, asked the officer to find out who was following him so closely. He had hooked the bumper of the second car and towed it several blocks.

Light, traveling at 186,000 miles a second, takes a hundred thousand years to travel from rim to rim of the Milky way.

Alderman Hirschell Mayes, First Ward, 264 Clinton Ave., wishes persons interested in parking meter proposal to send him post cards (prior to Feb. 19) whether for or against proposed 10c charge on meters.

Reno Area . . .

Person were rushed to the scene. They evacuated nearly every one from the five buildings before the fires started.

Man Sensed Danger

Major credit was given to Orville Owen, Power Company trouble shooter who sensed the danger. He warned all in the Paterson store, then rushed along the street warning people to "get out."

The firemen arrived as the first blast went off. They evacuated those in the Gray Reid Dept. store, Reno's largest, and the Elks Club, both on the east side of Sierra St.

Reno has a population of about 40,000 and the Gray Reid store was three stories high while the Elks Club was 2½ stories.

Caught in Concussion

Neither of those known killed was inside the buildings. Mrs. John DuPrat, about 60, socially prominent wife of a retired grocer, was struck by falling debris. Frank Spina, 48, owner of a shoe repair shop, was crushed to death beneath an automobile which was blown over on him and crushed by a falling wall.

The explosions followed each other so swiftly that persons rushing from one were caught in the concussion of the next.

Ed Caffrey, who had just been evacuated from the Elks Club, where he had eaten lunch, reported he was "slammed against the wall of the building by the second explosion, and then was caught by the third as he rushed around the corner of the Elks Club. Strangely, he was not injured.

So rapidly did the flames follow the triple explosions—the second was in the Bankers Trust Bldg. adjoining Patersons—that first rumors said "scores were dead" in the streets and whole blocks were burning.

Because of the danger of possible further explosions from concentrations of escaping gas, all mains in that entire section of town were closed and 12 blocks of buildings in the area were evacuated.

By early this morning, police said only four blocks remained evacuated.

BURNING RENO STRUCTURE—One of many downtown Reno, Nev., buildings burns furiously after an explosion rocked the area Feb. 5. Seven stores were reportedly destroyed while eight others were set afire. (AP Wirephoto)

Council Recesses

personally don't think the budget demanded this extra money."

Ryan indicated that he felt that if budget revisions had been made as originally proposed, the meter item would not have been necessary. He noted that former President Herbert Hoover, after receiving a citation by President Eisenhower, predicted, that if taxes and governmental costs were not lowered, the nation was on its way to "socializing the income of the people."

"I think we should not lose sight of this fact," Ryan said, and he asked serious consideration of the parking meter measure "here tonight."

Alderman Hirschell Mayes (R) First Ward, who noted that he voted for the meter ordinance, indicated he would be in favor of rescinding it.

What About Sales Tax?

William S. Keyser (R) Second Ward, said, "I now find that we are led to believe that the minority party is 100 per cent in favor of a sales tax."

Ryan, he noted, had read editorials from the local press, in which the sales tax was mentioned as a feasible and possibly unavoidable tax source, and he (Keyser) said he would take it from these facts that minority aldermen favored the tax.

The sales tax had been mentioned also in the letter of the central businessmen (not favorably) Keyser noted, but this part was also avoided in mention by the minority party, who dealt only with the parking meter phase of the letter.

Sticks to Meter Issue

Alderman Radel said that he had merely read the editorials to show statements and sentiment on the meter question. He said he neither "condemned nor condoned" the sales tax at this time, because the issue at hand was parking meters.

Radel said the minority party felt that it was acting in the best interests of the people, and he asked that a minority report be made part of the minutes.

Not Enough Time

The report claimed that minority members were not given time to study the ordinance before a vote was called. It held also that the 1957 budget as adopted by party vote "was a complete contrast to the slashed budget previously agreed upon by a bi-partisan committee," and it held that it was not "common sense" to put a blanket meter fee on all areas of the city.

The report hits at the proposed high fees for such short stops as buying newspapers, and it said minority members were not convinced as to costs for changing the meters.

Calls for Hearing

Business men in all areas should have been consulted, the report said, and it advised rescinding the measure for action after public hearing.

At one point the report said: "Most certainly, before any steamroller tactics were employed forcing this fee on the general public, it would have been a distinct courtesy and definite democratic policy to discuss this matter with all businessmen, the aldermen representing the people, and most certainly the Kingston Chamber of Commerce to gauge advisability of this act."

Perry Proposes Garage

Samuel J. Perry (R) fifth ward, said he would "like to go back 30 to 35 years," and note that the Chamber of Commerce and businessmen had problems downtown and "never did anything about them."

If they don't watch out uptown,

he held, that "will be a ghost town too." The alderman then asked, "What are they doing to solve these problems . . . Let them give us some solution."

The alderman proposed as one solution a parking garage four or five stories high back of the court house.

Asks Business Action

"Let them come up with a solution. Let them give us some action and we'll go along with them. We're trying to do the best we know how," he shouted.

Alderman Frank C. Sass, (D) Seventh ward, taking note of the party vote last month on the meter proposal, urged Alderman Perry to go along in the effort to rescind the vote. Downtown, he said has not the same parking problems as uptown and a 10-cent meter fee there would hurt business.

Study Suggested

The Chamber of Commerce letter on the meter measure, noted that although no definite stand had been taken there was a "great deal of discussion," and it suggested a committee, of business men and citizens be named to study it. The one by the Central Businessmen's Association was published recently.

Meters, it noted, were generally not placed as a revenue source, but to attract more shoppers. It proposed that all-day parking for businessmen and employees be in fringe areas, and that perhaps use of the stadium grounds and lot of Converse street, should be encouraged.

The letter suggested that women or men be deputized to patrol the meters to prevent tying up patrolmen. It felt that the summer will face a critical traffic situation and parking shortage in some areas, unless immediate plans are made on a permanent basis. If this is not done, it stressed, the city will "face development of business properties in outlying areas."

To Hold Hearing

The local law authorizing the city to go under jurisdiction of a county mental health board was adopted after final reading and a public hearing on it is due to be called by Mayor Stang.

The ordinance regulating the keeping of animals in the city provides for a fine of not less than \$25 or not more than \$100 for violators.

It provides that persons keeping live pigs, horses, mules, cows, sheep, bulls, goats or fowl, outside or in, must provide suitable and sanitary areas of confinement, and all must be equipped so there can be no escape.

Those who transport or drive such animals must be sure they are held by rope or strap, and fowl must be kept in cages. No animal will be allowed to stand in a city area unless fastened.

'Still Going On'

Alderman Roth asked Alderman Frank Zakeski, (D) Fourth ward, in reference to the animal measure, how the situation (cattle yard) was in Zakeski's ward. The latter replied that it was "still going on."

Roth indicated that aside from conditions in his own ward the measure was aimed at the fourth ward situation. Roth said, "I think we should be ashamed to allow it to go on," and he said that aside from conditions in his own ward his ordinance was aimed at remedial action in the Fourth ward.

Alderman Ryan agreed with Roth, and said his past experiences in obtaining remedial action were "poor." He cited instances of insects on the Wilbur avenue dump. There were rats there too, he noted, and yet he was told that it was being kept "in a decent way."

Sees 'No Redress'

William K. Bodenweber, (D) Ninth ward, said that after talk-

Six Districts

will then make on order directing the annexations.

Petitions submitted to the commissioner, however, are usually not considered if the commissioner believes the signatures to the petitions do not represent a majority of the qualified voters of the district involved.

Believed Majority

A spokesman for the group said, today it was believed the signatures submitted last evening, with the exception of the Zena district petition, did represent a majority of the qualified voters of each district.

At the meeting last evening there were representatives of the boards of education from the districts, except from the Woodstock village district but that district was represented by interested persons from the area.

The Ontario board approved the application of Henry Berleth, a graduate of the New York State Teachers College at Albany, as a high school mathematics teacher.

Guarantee From Bank

Approval was also given a plan submitted by the Kingston Trust Company to protect the district from any possible loss of school funds on deposit. Kingston Trust Company will place in escrow securities to the value of \$125,000 to guarantee school moneys. This will protect the district in excess of the usual \$10,000 insurance carried on deposits.

There was also a discussion on the Merit Plan for teachers but no action was taken.

Approval was also given for house instruction to Carol Howland of Lake Hill, who will receive 10 hours a week of home instruction. She is unable to attend school.

The matter of a right of way to a proposed site for a school building at Bearsville was also discussed.

President Hints

North Carolina Democrat, served as secretary of the army in the Truman administration.

Supreme Court — Eisenhower said he still believes other things being equal, that a nominee for the Supreme Court bench should have previous judicial experience. He made that remark in reply to a question dealing with the retirement of Associate Justice Stanley Reed and the choice the President must make of a successor.

Told that Atty. Gen. Herbert Brownell and former Gov. Thomas A. Dewey of New York, have figured in speculation on a successor, even though neither has had judicial experience, Eisenhower said he did not want to say that he would always insist on having a man with prior experience on the bench. He said he prefers such experiences — and noted that his last appointee to the high court, Associate Justice William J. Brennan, had such experience.

Eisenhower went on to say that if he were to select a practicing attorney without court experience, the man would have to have an exceptional background such as did the late John W. Davis and Elihu Root, noted constitutional lawyers.

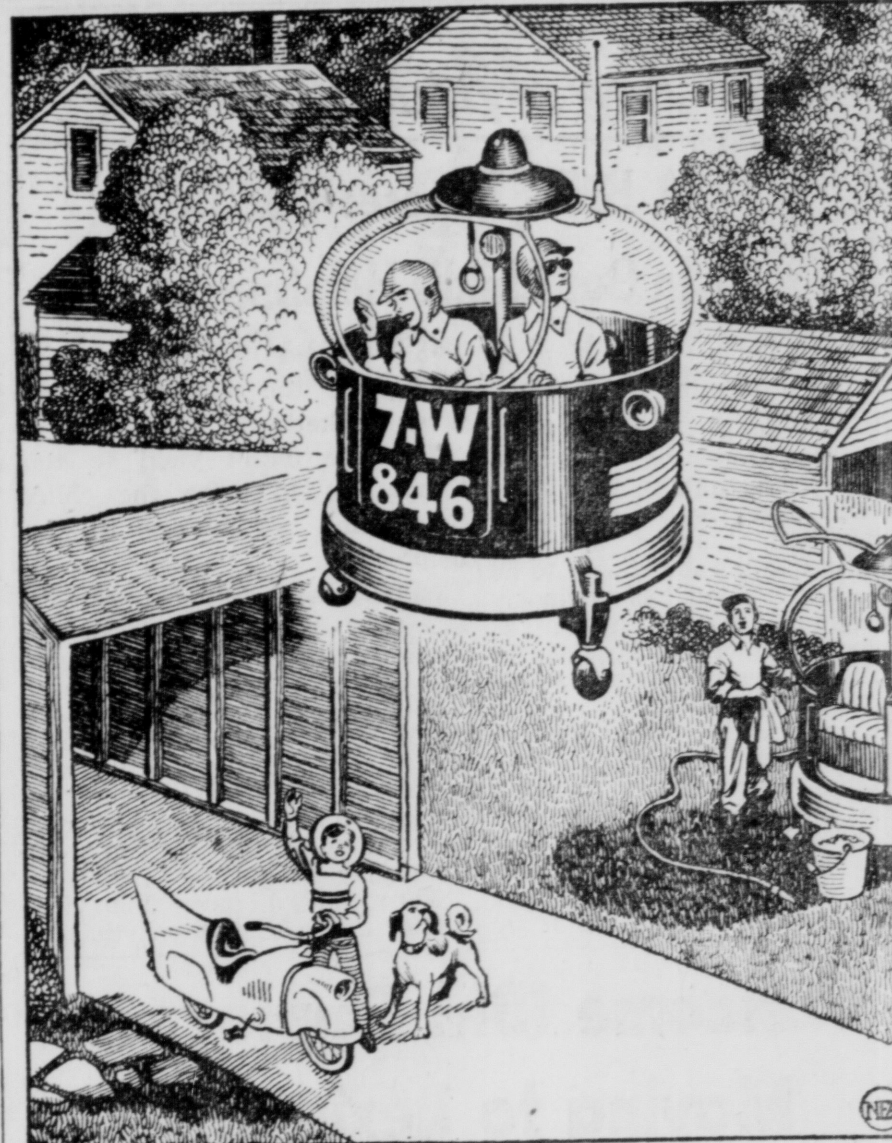

Eisenhower said he wanted to emphasize again that political considerations would not enter into the picking of a new justice.

Europe — Discussing western Europe's need for oil from the Middle East, Eisenhower said the United States cannot afford to have Europe flat on its back.

That was in response to a reporter's remark that European nations apparently are not getting adequate oil deliveries from this country. The newsmen said Britain, for example, reportedly is down to a two weeks supply.

The wider windshields enable the driver to see just which garage door he is hitting.

FLYING FLASH BULB—Hovering over a back yard of the future is an artist's conception of a low-cost vehicle designed to bring short-range flying down to earth in terms of the average income. This proposed solution to the problem of crowded highways has been suggested by an official of the General Electric Company's flight propulsion laboratory in Cincinnati, Ohio. Intended to take the place of the family jalopy, the craft would be fitted with gas turbine-powered driving fans, similar to those used in present, experimental "Flying Platforms." The finished design of the vehicle, which would take off and land vertically, has not been determined, but GE spokesmen foresee such a craft in the market within 10 years. It is referred to as the "flying flash bulb" because of its shape.

Young at Heart

Trenton, N. J. (AP)—Othel Baxter had his heart set on taking the rugged federal rescue school course at Olney, Md., but New Jersey Civilian Defense officials turned him down. The course includes instruction in scaling walls and handling hysteria victims. They admired his ambition, CD officials said, but they thought the school was for younger men. Baxter, a retired cavalry major is 75.

Trailer Troubles

Covington, Ky. (AP)—Marion Dixon shook his head in wonderment when the top of his trailer truck was sheared off as he drove beneath an underpass. He had driven beneath it in the past without trouble. What was

wrong? Then he realized the trailer was lightly loaded and riding higher on its springs than it usually did. On previous trips the load was heavy enough to permit the trailer to pass without scraping.

ADVERTISEMENTS

FALSE TEETH

That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

CONSTIPATED?

New laxative discovery un-locks bowel blocks without gag, bloat or gripe

Constipation is caused by what doctors call a "thrifty" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken, constipating contents of your colon which now block your bowel must be re-moistened. Second, bulk must be brought to your colon to S-T-R-E-T-C-H stimulate it to action; to a normal urge to purge.

And, of all laxatives, only COLONOID, the amazing new laxative discovery possesses COLONOID's great moisturizing capacity, plus COLONOID's stretch-stimulating bulk. So effective it relieves even chronic constipation overnight, COLONOID is yet so smooth, so gentle it has proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt or drug laxatives, COLONOID neither gags, bloats nor grips; won't interfere with absorption of vitamins and other valuable food nutrients; in clinical tests, it did not cause rash or other reactions.

It's a physiological fact: Exercise tones your body! And COLONOID exercises your colon to tone it against constipation, overnight! Get COLONOID, in easy-to-take tablet form at any drug counter, today! Only 98c for the 60 tablet package, brings positive relief at less than 2c per tablet.

Two Bid Stops in Part Score

By OSWALD JACOBY

Written for NEA Service

When your side has a part score of 60 and half or more of the high cards in the pack, you want to be able to play the hand at the lowest possible contract in your best suit. In order to do this it is essential to use the response of two of a lower-valued suit as a stop bid and not as a force.

Take a look at the South hand. He has seven points and a good six-card diamond suit. His partner has opened one spade and he would like to play the hand at two diamonds. How can he get there?

The answer is simple. He should just bid two diamonds. With no part score, North would have to bid again. With a 60 part score, North is supposed to pass unless he is interested in a slam or feels certain that diamonds is not the best suit.

North does hold a good five-card spade suit and a biddable four-card heart suit. Nevertheless, if he has confidence in his partner he should pass, as he did.

Two diamonds is the only contract that North and South

can make against good defense.

Even that might have gone down if South had played carefully.

East's king of clubs won the first trick and a club was returned. Dummy won with the ace; then a diamond was led and won by declarer's king. A spade was played to the ace and a second spade ruffed. Next came a heart to the third spade, followed by the ruff of a third spade.

South had five tricks in and still held the queen-jack-nine of trumps. He played the queen and when West showed out, South was bound to make two more tricks no matter how East played.

Tipsters.

Baltimore (AP)—After robbing a city taxi driver of 12 dollars in bills, three men remarked as they jumped from his cab: "Keep the change, buddy."

Ashokan Charge Lists Services

On Thursday at 7:30 p. m. the regular mid-week service for the Methodist church will be held at the Glenford Church.

Sunday, Feb. 10, services for the charge will be held at the regular hours: Ashokan, 9:30 a. m., West Hurley, 10:45 a. m., Glenford, 2:30 p. m. Donald R. Jessup will be the guest preacher at all three churches on the charge. Mr. Jessup is a senior at Drew Theological Seminary. He did his undergraduate work at the College of the Pacific. His home is in California. Having Mr. Jessup as a guest preacher will enable the Rev. Richard Guice to attend the church school services of the day.

At 7 p. m. the Intermediate MYF group will consider the topic, "No Desert Isle." The Senior MYF group will view a film strip, "How About a Date?" and conclude the discussion on this unit.

Monday, Feb. 11 at 7 p. m., the West Hurley Official Board will meet at the West Hurley Church. This is the new regular time for the Official Board meetings at West Hurley.

Wednesday, Feb. 13, the Wesleyan Service Guild of the West Hurley Church will meet at the home of Mrs. Jay Molyneux.

At 2:30 p. m. Thursday, Feb. 14, the West Hurley WSCS meets at the church. The same day at 7:30 p. m. the mid-week service for the charge will be held at the Glenford church.

Two Youths Are Held For Theft of Car

Two 16-year-old boys from Lewiston, Me., who allegedly stole a car Monday morning and headed for Florida, were arrested Tuesday in the Ulster rest area on the Thruway several miles north of Kingston.

Thruway police arrested Claude Jalbert and Leonard Hould who reportedly left their homes about 7:30 a. m. Monday for school and never got there.

Instead, police said, they hitchhiked to Haverhill, Mass., where they stole a 1954 passenger vehicle from a used car lot. In Andover, Mass., they stole a license plate from an automobile.

Troopers Joseph Cullen and Harry Foster of the Thruway police and Cpl. Edward Shannon of the Kingston state police, who investigated, said young Jalbert had taken \$135 from his sister's jewelry case before he left home.

To Check on McGrath

Albany, N. Y., Feb. 6 (AP)—Gov. Harriman says he will look into any lobbying by Waterfront Commissioner John P. McGrath, a registered legislative representative of three business firms. He told a news conference yesterday he did not believe that McGrath would do anything in conflict with his commission duties. McGrath submitted his resignation from the two-member, New York-New Jersey Waterfront Commission in December. He has continued in the post at Harriman's request pending appointment of a successor. The governor said he had not known of McGrath's registration last month as a representative of Webb and Knapp Inc., and Ivor B. Clark, Inc., New York real estate companies, and the Brooklyn Savings Bank.

When Uncle Sam comes around for his share of your income, he always wants more than you expected. You need extra money to pay him. And, you can get it with classified ads.

NEW ADVANCE for relief of common Rheumatic and Arthritic-like Pains*

If you suffer from common rheumatic and arthritic-like pains, due to stiff, aching joints... try the important new advance, ZARUMIN. ZARUMIN is a new kind of pill-within-a-pill. It contains an outer pill that brings fast, temporary relief. And an inner pill that brings more relief hours later, thus giving longer-lasting relief. Once again you are able to do the things pain may have been preventing. So for more freedom from common rheumatic and arthritic-like pains, try the new advance—ZARUMIN. Safe taken as directed. If pain persists see your doctor. Money back if not satisfied.

Think It Through

By E. F. HUTTON

RUNNING OUT OF AMMUNITION

Colonel Nasser, the Hitler on the Nile, could be making long-range trouble for himself. He has dammed the Suez Canal by dynamiting ships and bridges. In short, he has grabbed Europe by the throat.

Mr. Hutton

But the seized Suez earns Egypt no money, and it is likely to earn less.

The Canal's biggest user—and toll payer—is the petroleum industry. But long before the Canal was closed, that industry was building tankers that could not go through Suez if the way were now open.

The industry did this without being ordered to do so by any government. They found that the new fast, giant ships could go around Africa—adding 5,000 miles to the haul—and still deliver to Europe oil by the barrel cheaper than the smaller, slower tankers going through Suez.

Three months ago, the biggest ship in the world—the "Universal Leader"—went into service. This 85,000 dead-weight ton tanker can move 600,000 barrels of oil in one load. Still larger tankers are on order.

The world's tanker fleet will be increased by 50% in the next few years. When accomplished, one-third of all the merchant marine tonnage of the world will be carrying the products of one industry—OIL!

Neighbor, when Nasser—or some future Pharaoh—tries to blackmail civilization again, his gun won't go off—at least, so far as the petroleum industry is concerned.

New Bills Introduced In State Legislature

Albany, N. Y., Feb. 6 (AP)

Bills introduced in the legislature today propose new state codes for control of traffic on both highways and waterways.

A bi-partisan measure calls for establishment of traffic regulations that would be uniform throughout the state.

Other legislation would set controls on operation of motorboats—now estimated at 500,000—that use the state's waters.

Democratic Gov. Harriman vetoed a uniform traffic bill passed by the legislature last year. He cited objections from New York city as his reason for the veto.

Gratified, He Says

Today the governor said he was "gratified that agreement has been reached... on a bill that meets the special needs of New York city."

Republican Sen. Searies G. Schultz of Skaneateles, chairman of the joint legislative commission on traffic violations, said the measure would allow New York city to adopt its own regulations in certain, defined areas in order to handle what he called "the city's unique traffic problems."

The bill was sponsored by Republican Sen. Harry Norton of Hornell and Assemblyman Stanley Steingut, Brooklyn Democrat. Schultz said Mayor Robert F. Wagner's Democratic administration in New York city had agreed to support the measure.

On Boat Operations

Bills sponsored by the joint legislative committee on motorboats would fix age limits for operators; ban speeds higher than five miles an hour near shore, rafts or floats; and require an extra person in boats used to tow water skiers.

Children under 12 would be prohibited from driving a boat unless accompanied by someone over 16. Boats operated by children 12 to 14 would not be permitted to travel over five miles an hour unless a 16-year-old was along. Operation of a motorboat by a person under the influence of alcoholic beverages would be illegal.

The committee conducted six hearings last summer. There was testimony of conflict between boatmen and persons who wanted to fish, swim or to relax on beaches.

To Propose Bureau

The committee chairman, Republican Assemblyman Charles A. Cusick of Cayuga county, said he would submit legislation next week to create within the Conservation Department a bureau to enforce the proposed regulations.

He said the measure would propose that a half-million pleasure craft in the state. This, he said, would yield \$300,000 to \$400,000 a year, to be used to hire additional enforcement personnel.

Among bills introduced yesterday were administration program measures that called for a 50-million-dollar bond issue to provide housing for the elderly, spell out the "preference" clause in the state Power Authority Act to insure that municipalities would get first call on such power, and that would extend the present 30-day, bill-signing period an additional 15 days.

"Are you the right girl for our Kingston job openings?"

asks Betty Jane Clancy of the New York Telephone Company

To find out, check your qualifications on the following list. Just X in the squares when your answers are "yes."

☐ Would you like to learn a job that is important in your community? A real help to folks both in emergencies and in day-to-day things?

☐ Do you like people? Do you get a sense of satisfaction from helping them?

☐ Are the people you work with important? Do you like working with pleasant, friendly people in nice surroundings?

☐ Would you like a job where you know you're going to get frequent salary increases? For example, three increases the first year guaranteed.

"Have you X'd two or more squares? If so, a job as operator for the telephone company might be just right for you. The pay is good, with plenty of chances to make extra money. Both married and single girls are eligible.

"To find out all the facts, just call me—Betty Jane Clancy—at Kingston 9900. Or else drop in for a chat at our employment offices at 775 Broadway, Kingston, N. Y."

Old Tappan Firm Robbed of \$5,195

Old Tappan, N. Y., Feb. 6 (AP)—Two robbers with guns walked into the Valley Savings and Loan Assn. offices yesterday, bound up the only employee on duty and escaped with \$5,195.

The employee, Miss Eleanor Ross, was tied up in the rear of the office.

The robbers fled in her car which was in an adjacent parking lot.

Five minutes later a customer, Mrs. Eunice Lenard, entered the building, saw Miss Ross tied up and called police.

Old Tappan is near the New York-New Jersey border.

Juror President Advises Parents Keep Closer Check

Juvenile delinquency can be prevented only by closer parental supervision of children, Thomas J. Murphy, president of the Ulster County Grand Jurors' Association, said today.

Many youthful offenders, he noted, come from good American homes and potentially good parents, and all are not the product of broken homes or families facing economic instability.

Mr. Murphy said, however, statistics reveal that 80 per cent of the 16 to 18-year-old offenders turn to crime after 10 o'clock at night which is the "hour of danger."

He called on parents to check the whereabouts of their children, what they are doing, with whom they are associating, and "how much time am I giving my children?"

Mr. Murphy said 8,726 youngsters, 16 to 21 years of age, were arrested for major crime in New York state during 1955. Of that total, 1,421 were committed to the Elmira Reception Center (in addition to those detained in county and municipal institutions).

He reminded youth that commission of a crime means "personal disgrace and embarrassment, grief to parents and loved ones, and imprisonment in a penal institution pending trial, if you or your parents are unable to furnish bail." He also noted it means possible imprisonment after trial — and perhaps for many years.

Mr. Murphy also urged youth to remember that "getting a job is difficult when you have a criminal record and you may lose certain citizenship rights, if convicted of certain crimes." Being arrested or found guilty of a crime "is a disservice to your country for the high rate of juvenile crime is providing unfriendly governments throughout the world with effective propaganda," Mr. Murphy said.

News Writer Dies

New York, Feb. 6 (AP)—Len Morgan, 60, a writer-editor in the radio news department of the New York Daily News since 1943, died in his sleep yesterday at his home, 52 Morton street, Manhattan. Morgan had worked for the Sharon (Pa.) Herald, the New York American, and the Chicago Sun, for the United Press in New York, and as a movie critic for Billboard and Variety. In World War I he joined the French forces before the entry of the United States. He was wounded and was discharged with the rank of captain. As a youth, Morgan wrote several books for children.

Lowers Estimate

New York, Feb. 6 (AP)—The Iron Age, weekly magazine of the metal industry, today lowered its estimate for 1957 steel production. It forecast the industry would match the 1955 record of 117 million ingot tons. A little over a month ago the magazine predicted output would exceed the 1955 record by as much as three million tons. Iron Age reported demand for steel is now still strong and mills are operating at near capacity. A slackening in production is expected in the second and third quarters, it added, following by a strong pickup in the last three months.

Claim 96 Rebels

Algiers, Feb. 6 (AP)—French forces today claimed to have killed 96 Nationalist rebels within the past 24 hours in scattered parts of Algeria. The rebels killed four French civilians and one Moslem, wounded 15 others and kidnapped a farm manager. The army made no mention of French military casualties. The army said it killed 49 rebels in the Constantine region; 36 at Bou Saada, 155 miles southeast of Algiers, and another 11 at Tablat, 42 miles southeast of Algiers.

Japan is drying out its coastal swamps to reclaim 185,000 acres where rice and wheat can be grown.

When these discomforts come on with over-exertion or stress and strain—you want relief—want it fast! Another disturbance wrong food and drink—often setting up a restless uncomfortable feeling.

For quick relief get Doan's Pills. They work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headache, muscular aches and pains. 2. by their soothing effect on bladder irritation. 3. by their mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Find out how quickly this 3-way medicine goes to work. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. Ask for new, large size and save money. Get Doan's Pills today!

Three Ulster County Men Complete Basic Training

JOSEPH McDONOUGH

JAMES S. MILLER

REGINALD RIDER

Three Ulster county young men have recently completed the first phase of military training at the "Gateway to the Air Force," Lackland Air Force Base, San Antonio, Tex., is was announced today by the Office of Information Service at the Texas air base.

They are Airmen Joseph F. McDonough, 22, son of Mr. and Mrs. George McDonough of 29 Madden street; James S. Miller, 18, son of Mr. and Mrs. George Miller of Route 42, Shandaken and Reginald A. Rider, 18, son of Mr. and Mrs. Ernest Rider of Phoenixia.

They are now taking part in the advanced basic training. Airman Rider has qualified for specialized technical training and will be assigned to the 3310th Technical Training Wing, Scott Air Force Base, Ill.

Wicks Firemen Will Meet Thursday Night

A regular meeting of A. H. Wicks Engine and Truck Company, Inc., will be held Thursday at 8 p. m. at the fire station, 17 Wiltwyck avenue.

A full attendance of members is requested as important business will be transacted.

Refreshments and a social hour will follow the business meeting.

Sleeping Pills Blamed

New York, Feb. 6 (AP)—A young woman was found dead today in her east side apartment, the victim of an apparent overdose of sleeping pills, police reported. Police identified her as Doreen Woodbury, about 30. The body was found in her apartment at 300 East 57th street.

The body was discovered by a friend, Elizabeth Rose of the Pickwick Arms Hotel at 230 East 51st street.

War Hero Killed

Augusta, Ga., Feb. 6 (AP)—Capt. W. R. Kane, 45, commander of the aircraft carrier Saipan, who had received several citations as a carrier fighter pilot in the Pacific during World War 2, was killed Tuesday when a TV2 jet plane crashed. He was born in San Rafael, Calif.

Why We Say--

INFANTRY

FROM BABY: The Latin word "infans" for a baby who couldn't speak yet is the same as the modern word infantry. In the Middle Ages, knights in armor used to employ young boys as attendants to run alongside them when mounted. . . . The boys were not allowed to speak and were more or less foot soldiers as we know them today.

Furniture Head Dies

The city clerk's office today reminded dog owners that Feb. 11 is the deadline for securing dog licenses without payment of a penalty.

After that date the owner of an unlicensed dog is subject to a fine of \$10 plus the cost of the license.

Boy Scout Fund Drive Begins In West Hurley

The annual Boy Scout finance campaign was begun last night in West Hurley at a meeting of workers from Troop 66, sponsored by the West Hurley Fire Department, and Cub Pack 66, sponsored by the West Hurley Unit of the Home Bureau.

The campaign is under the direction of Clarence M. Ostrander, chairman, who also serves as treasurer of Troop 66.

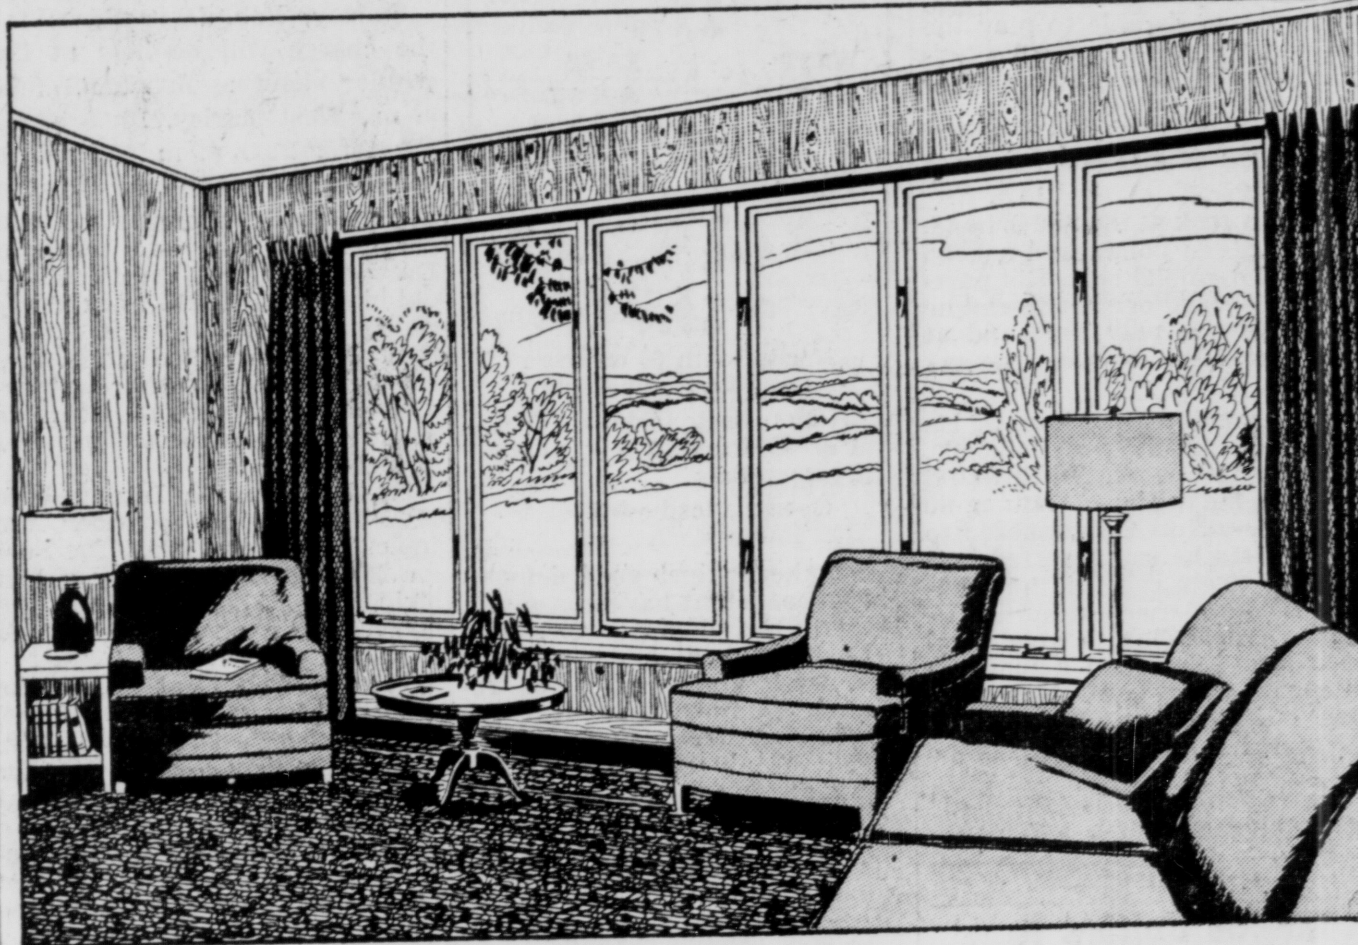

The following have been assigned these areas: James Goins, Spillway road and Route 28-A, west of Spillway road; Edward H. Hereth, Old Stone road, Route 28-A and Stony Hollow; Ira N. Saxe, Morgan Hill road and Dug Hill road; Jerome D'Anneo, Zena road and Route 28 to Van Dale road; David Davidson, Williams Lane.

Clarence A. Anderson, Route 28 from Van Dale road to the Maverick; Jerome Kemmerer, Wall street, Fairview avenue; Meadow Lane and Cedar avenue; Alton Boyce, John street; A. Francis Jenkins, Broad street; Fred Wagner, Clover street and Mosher place; Jay Molyneux, Woodstock road; Howard Hopkins, Glenford and Maverick road; Mr. Ostrander, Pine street.

Slides Kill Man

Wardner, Idaho, Feb. 6 (AP)—A series of snow slides swept down a canyon onto this mining community yesterday, smashing homes like cardboard boxes. One man was killed and three others injured. A mother and her young daughter were buried alive for about an hour and a half. Another woman was thrown through the broken roof of the adjoining house and landed alive, but critically hurt, in the kitchen. Many of the 1,000 residents, fearing new slides, evacuated their homes on the steep slopes on both sides of the main street.

CITY OF KINGSTON, N. Y., WEDNESDAY EVENING, FEBRUARY 6, 1957

New Officers of Children's Home Elected, Reports Given

During 1956, the Children's Home, which has been serving the community for 80 years, carried on its benevolent work of sheltering youngsters deprived of family environment and giving them the counsel so important to those in their growing years.

This is reflected in the annual reports read at the recent meeting of the board of managers and board of trustees during which officers were elected for 1957.

"Our determination has been strong to do much in providing a substitute home for these children," said Gerald E. Shampo, executive director of the home at 77 East Chester street.

Mr. Shampo proudly pointed out that two children from the home will be in the 1957 graduating class at Kingston High School, and stressed appreciation for assistance given the institution by several service and fraternal organizations and individual friends.

In her report, Mrs. Frederic W. Holcomb as president for the past year, complimented Mr. Shampo for his "knowledge of every child's needs and his patience with them."

Mrs. Holcomb also pointed out that "due to the loyal financial help given to us by the Ulster County Shrine Club and other faithful organizations and friends, we have been able to balance our budget for 1956."

The newly-elected president for this year is Mrs. George N. Shivery, who was chosen for the position at the recent meeting.

Also elected were: Mrs. Lloyd R. Le Fever, first vice-president; Mrs. Harry Halverson, second vice-president; Mrs. Robert Umpleby, recording secretary; Mrs. Charles C. Walden, corresponding secretary; Mrs. George W. Schneider, treasurer and Mrs. George L. Chilson, assistant treasurer.

Edwin T. Strong and former Surrogate John B. Sterley were named to the board of trustees.

Yearly reports were read by the following committee chairmen:

Mrs. Shivery, children's committee; Mrs. Charles L. Arnold, house and grounds; Mrs. A. B. Shufeldt, personnel; Mrs. Schneider, finance and Mrs. Louis Keger, Stambrough committee.

Mr. Shampo's report to the directors and trustees follows:

"The Children's Home of Kingston, has just completed its 80th year of service—service in behalf of youngsters who have been deprived of the richest institution that God has given man—"The Home."

"The Children's Home, like other institutions of its kind, had a humble beginning, with meager facilities and limited equipment, but it was founded with a determination to do much for those who had so little. Today, after 80 years, there is still the same strong determination to do much for those who have been cheated from a rich and full life."

Determination Strong

I should like to review for just a moment some of the things which have taken place at the Children's Home to show that our determination has "been strong" to do much in providing a substitute Home for these children.

A few years ago, in 1952, we proceeded to remodel the cottage on our grounds which had served for many years as a nursery and for many more years as an infirmary. The cottage was completely redecorated with cheerful colors, new beds and furniture and for the first time, our girls had the happy privilege of living in a home-like atmosphere.

Workshop Installed

For over a year we laid plans to do a general face-lifting job on the interior of the main building of our Children's Home. 1954 saw the addition of the wood-working shop in the basement of the main building and although our shop program has not been a strong one it has served us well in giving the older boys of our group an opportunity to work when time was heavy on their hands.

In 1955 we began in earnest the painting of the interior of the main building. It was a wonderful sight to see the dirty, cracked plaster covered with clean fresh paint. The stairs and hall corridors were covered with in-laid linoleum and the whole atmosphere seemed suddenly changed.

New Room for Boys

This last year, 1956, we completed the new rooms in the second floor wing of the main building for the senior boys. In addition, we placed the finishing touches on their lounge room, sanding the floors, painting the ceiling and walls and buying some furniture to make a beginning at furnishing it.

The old dormitory area of the senior boys was transformed into a fine little auditorium where we can now comfortably seat the entire population of the home.

This resume has been a brief one and does not include the many additional purchases of

BOARD OFFICERS ARE INSTALLED—New Board of Directors officers for the Children's Home who were installed at a regular meeting of the group held Monday included seated (l-r) Mrs. Lloyd LeFever, vice president; Mrs. Frederic Holcomb Sr., outgoing president;

Mrs. George Shivery, president; Mrs. George Schneider, treasurer. Standing (l-r) Mrs. George Chilson, assistant treasurer; Gerald E. Shampo, executive director of the Home and Mrs. Robert Umpleby, secretary. (Freeman photo)

equipment and other things that go to make a home operate harmoniously.

To Complete New Roof

We have now begun to give attention to the exteriors of our buildings and trust that by the spring of 1957 the badly needed roof will have been completed on our main building.

We have, as you can see, done much to make "Home" an attractive place for our youngsters, but we do not believe in just providing a Home that is lovely to look at. We believe also in training the spiritual, moral and physical and mental powers of these children entrusted to us so that they may eventually find a happy, normal place in the community. Every child in our institution has a responsibility and rightly so, for the success of operating any normal home depends upon the contribution of each individual.

Schools Praised

The education of our youngsters has been entrusted to the schools of the City of Kingston and we are fortunate in having in Kingston a wonderful group of teachers and principals to guide the children of our community. This year the Children's Home is again proud to say that two of our youngsters will make up a 1957 graduating class from the Kingston High School.

I am glad that we at the Children's Home have not been alone in our work for the underprivileged, for we could not have possibly succeeded. We have needed the help of the Ulster County Shrine Club. We have needed the help of the Lions Club, the Kiwanians, the Rotarians, the Knights of Columbus and Rondout Lodge F & AM. We have greatly appreciated the contributions made by the banks of the city, the Electrol Corporation and the IBM and our many individual friends. I cannot close this impressive list without thanking the many hundreds of other friends who have contributed food, clothing, money, furniture, toys etc. to help facilitate

the program here at the Children's Home.

Health Good

The health of our children has been exceptionally good this past year considering the fact that we all live so closely together. The man most responsible for the good care which our children have received is Dr. John R. Roberts. He's always on call and ready with his cheerful smile and kind attention. This past year has been particularly a busy one for him because our entire group was re-vaccinated for small-pox and given tetanus inoculations and the Salk vaccine.

The Dental Corps of the city has also been faithfully working with our boys and girls without remuneration. We thank them for this necessary and vital service.

The foregoing group of loyal workers has served in making the job well done for 1956.

Lauds Staff

I would like to give a sincere tribute to those of my staff who have been faithful and loyal in their obligations to the Children's Home.

I would like also, to express my appreciation to the trustees who have given of their time and advice to the making of a more efficient and effective program. My final remarks I shall direct to the board of directors. I have deeply appreciated the privilege of working with you to make our institution one of the best. The good spirit of cooperation has always been in evidence in every meeting since I have joined the Children's Home staff. Every emergency has been met with a willing hand to serve wherever needed. And lastly, I am thankful that they have a determination to do much more with me in 1957 to improve the Children's Home of Kingston.

May our work be blessed in giving back to the community the kind of boys and girls that we shall all be proud of.

Report of President

Mrs. Holcomb's report: When a year ends and as a member of this board you look back at what has happened and what has been accomplished for the children, you have a feeling of deep satisfaction for all the effort expended.

No year goes along without its "ups and downs." If it did, we would not be needed by this organization.

Much has been accomplished in the past year as you can see by going through the building. It has all meant many committee meetings for members of the board and I want to thank every member for all of the hours she has spent here in the past year. Some of the things we have finished could not have been done without our good friends of Ulster county.

Thanks Shriners

To the Shriners I want to once again say "thank you" on behalf of the board and myself. We appreciate the fact that you do know what we are trying to do for our boys and girls and that you have shown this over a period of years.

It would be impossible for me in this report to mention all of our "friends" but to you who

Has No Regrets For Ike Criticism

Tokyo, Feb. 6 (AP)—Charles Edmundson, ousted as a U. S. information officer for his attacks on President Eisenhower's foreign policy, stopped here on his way back to Washington today. He said he had "no regrets whatsoever."

The 53-year-old former newspaperman's resignation from his post in Korea was ordered after he issued public statements criticizing the Eisenhower Middle East doctrine as a policy "that may lead us beyond the brink and into atomic war."

He declined to discuss future

plans except to say, "I've got a well-to-do sister who is a good property." The sister is Mrs. John Aiken, she's not mad at me she may of Rutherford, Tenn.

Coughlin-Ortleib
Wedding Announced

Mr. and Mrs. Thomas Coughlin of 48 Hunter street wish to announce the marriage of their daughter, Ann, to Donald Ortleib, son of Mr. and Mrs. Arthur Ortleib, 12 New street on Saturday, Jan. 26, at the home of Justice of the Peace George Ferenz, Hyde Park.

Attendants were Miss Rita Coughlin, sister of the bride and Aloysius Bailey.

Mrs. Ortleib is employed by Mist Maid Fashions of Cornell street and her husband is employed in the office of Skyline Manufacturing Company.

The couple will reside at 15 New street.

Card Parties

Kripplebush

The Auxiliary of the Kripplebush Fire Department will sponsor a card party Saturday, 8 p. m. at the Little Red School House in Kripplebush.

AID HANDICAPPED CHILDREN—Officers of the Ulster County Association for Help of Retarded Children, Inc., who met with the Council of Social Agencies recently included (l-r) Benedict Todaro, board member; Mrs. Dorothy Buehring, advisor; Mrs. James Pfeiffer, board member; Mrs. Walter Furman, president; George Johnson, Council of Social Agencies; Mrs. Frank DeFilippis, corresponding secretary and Edward Ward, recording secretary. (Freeman photo)

Social Agencies Add
New Organization
To Membership List

The Ulster County Council of Social Agencies welcomed the Ulster County Association for Help of Retarded Children, Inc., as the latest organization to join the Council.

The Council is made up of 27 agencies and about 100 members at large who are interested in the health, welfare, education and recreation of the county. The participating agencies are both public and private and the primary interest is to study the needs of the county and stimulate public interest in solving community problems.

The newest participating agency, the Ulster County AHRC lists as its county-wide objectives, better educational facilities for all retarded children, more adequate clinical services and other activities on all age levels for the mentally handicapped of the county.

The Ulster County AHRC is an example of a private organization performing services in the county without financial assistance from the government. The Association is supported entirely by public contributions and membership fees.

The plans of the organization are extensive and the Council intends to furnish any assistance possible in the job of organizing and developing the program of the AHRC.

Club Notices

Junior Marrieds

Junior Married Women's Club will meet Thursday, 8 p. m. at the YWCA. An auction will be held following the business meeting. Members are requested to bring an article for the sale.

Sisterhood Meeting

Sisterhood of Temple Emanuel will hold its monthly meeting Wednesday, Feb. 13, at 8 p. m. at the home of Mrs. Charles Warsaw, 26 Johnston avenue.

Excelsior Hose

Ladies Auxiliary of Excelsior Hose Company will hold its regular meeting Thursday, 8 p. m. at the firehouse on Hurley avenue. Tickets will be distributed to members for the banquet scheduled for Feb. 23. All members are urged to be present.

Coach House Players

A regular meeting of Coach House Players will be held Tuesday, 8:15 p. m. at the Coach House, 12 Augusta street.

Today

By EMILY POST

(Author of Etiquette, Children Are People, etc.)

OVERFRIENDLY NEIGHBORS

A reader tells me: "Six months ago my husband and I and our two small children moved into a new housing development. The houses on the street are alike with approximately ten feet of lawn space between each house. I now find that having such close neighbors means that people are always popping in and out—my problems are theirs and theirs seem to become mine. By choice as well as temperament, I am a very reserved person, and need a quite definite degree of privacy. In fact, this constant interruption by well-meaning neighbors is getting me down. Will you please tell me what I can do to discourage this practice without having them think me a snob?"

In the situation you describe, I am afraid that you can have privacy only at the cost of being thought stand-offish by some of your neighbors. The best suggestion I can give is to make it your habit to be unceasingly busy and not able to stop to talk to them—and never run in and out of their houses, much as you might, on occasion, like to.

Kindness to
Embarrassed Guest

Dear Mrs. Post: Someone told me that if a guest at table makes a mistake—such as using the wrong implement—the hostess should do the same in order to save the guest embarrassment. Will you please tell me if this is a rule of etiquette?

Answer: No, this would really not be a kindness because it would possibly make the unknowing guest think she had chosen the right implement and lead her to repeat her mistake later at the table of someone less understanding and kind than you are.

Dinner and Theater

Dear Mrs. Post: When a man invites a young woman to go to the theater with him, does it automatically imply that she is to be taken to dinner before the show?

Answer: Usually the young man invites the young woman to dinner and the theater afterwards. If he does not expect her for dinner he would invite her to the theater telling her the hour he will come to her house to take her to the theater.

Who pays for the wedding expense, the bride or the groom? Mrs. Post's booklet No. 501, "The Etiquette of Weddings," explains the expenses and who pays for them. Mrs. Post is sorry she cannot answer personal mail. To obtain a copy, send 25 cents in coin to Dept. EP, c/o The Freeman, P. O. Box 99, Station G, New York 19, N. Y. (Released by The Bell Syndicate, Inc.)

Katrine Grangers
Plan Supper, Party

A pancake and sausage supper will be held under auspices of the Lake Katrine Grange at the Grange hall, Tuesday evening, Feb. 12, beginning at 5 p. m.

On Friday evening, Feb. 22, there will be a card party at Grange hall under auspices of the Lake Katrine Grange.

Teacher Strike Ends

Manchester, N. H., Feb. 6 (AP)—The first teacher strike in the state's history ended today as Manchester public school teachers returned to their classrooms in the wake of a court decision that their two-day walkout was illegal. The Superior Court ruling that teachers do not have the right to strike against the city will be appealed to the State Supreme Court and a hearing will be held later this month.

Flynn Wins \$30,000

New York, Feb. 6 (AP)—Errol Flynn, screen actor and yachtsman, won \$30,000 last night on "The Big Surprise," NBC-TV quiz show. His category was "The Sea and Ships." He will decide next week whether to try for a \$100,000 jackpot.

Ontario in Canada is the source of about 65 percent of the free world's supply of nickel, a metal vital to mining and cement industries.

RECEIVE CRAFTSMANSHIP AWARDS—Displaying finished products which copped awards for them at the George Washington

School are (l-r) John Roberts, Richard Collan, Robert Stinemire, instructor, and Henry Bush. (Freeman photo)

Craftsmanship Work Is Lauded by School

Richard Cowan, student at the George Washington School, held the distinction of receiving the first award ever given for first place in craftsmanship work.

The presentation was made before a general assembly, held in commemoration of the school's opening in 1952.

Richard Cowan's winning piece of work was a bird feeder. Second place went to John Robert for his knick knack shelf and third place was won by George Bush for a book shelf.

The awarding of the first semi-annual George Washington Craftsmanship awards was a highlight in a week filled with interesting student activities in commemoration of the formal opening of the new one and one-half million dollar elementary school in January of 1952. The ceremony took place at a general assembly on Thursday afternoon in the school auditorium. First place was awarded to Richard Cowan for creative craftsmanship in the construction of a 'Bird Feeder.' John Robert's 'Knick Knack' shelf won acclaim for fine workmanship, as second place. George Bush's 'Book Shelf' exhibited

practicability and fine workmanship, as third place.

The presentation of the awards was the culmination of a term's work in the Industrial Arts program of the school. In the fall, Robert Stinemire, graduate of Oswego State Teachers' College, came to Kingston to assume the city's first full-time position of Industrial Arts instructor. Adept in his field, he organized and set into operation a vocational shop.

The Industrial Arts program furnishes an opportunity for students to learn through the planning and construction of interesting projects, something about industry, industrial products and their values. The wide scope of the comprehensive shop course offers unlimited opportunities for work with textiles, metals, electricity, wood, ceramics, photography, leather and other

Lillie Koniuk Plans July Wedding Date

LILLIE KONIUK

(Pennington photo)

Mr. and Mrs. Michael Koniuk of Route 3, Saugerties, announce the engagement of their daughter, Lillie, to Charles J. Rothe, son of Mr. and Mrs. Charles E. Rothe of Route 2, Saugerties.

The bride-elect is a graduate of Kingston High School and is employed in the personnel department of IBM in Kingston.

Her fiancé, a Saugerties High School graduate, is employed in the electric typewriter division of IBM in Kingston. He also served four years with the U. S. Air Force.

The couple plan to wed on July 14.

Burlesques Closing

Newark, N. J., Feb. 6 (AP)—North Jersey's three burlesque shows today were on their last legs. Minsky's will fold after tomorrow night's performances. The Empire Theatre, Newark's other burlesque show, will shut its door a week from Thursday.

The Hudson Burlesque Theatre, in Union City, will hold its last show Saturday night.

Tea and Pepper

In 1955, ships passing through the Suez canal brought 76 million pounds of tea and 16 million pounds of black pepper from the Orient to the United States.

13,000 Face Draft

Washington, Feb. 6 (AP)—The army today issued a draft call for 13,000 men in April, 1,000 less than for February and March. The new call raises to 2,193,430 the total number drafted or earmarked for induction since the resumption of Selective Service in September, 1950. Draft quotas for the army, now the only service using Selective Service, customarily vary according to the number of men who volunteer or reenlist.

Frequent airings of the closets during these long weeks of winter help to keep clothes from acquiring that musty odor. Use an electric fan to speed the change of air in the closet.

AMERICAN MENU

This Rock 'n' Roll Cake Is Teeners' Valentine Treat

SERVED WITH soft drinks, this rock 'n' roll Valentine cake is itself flavored with carbonated beverage.

By GAYNOR MADDOX
NEA Food and Markets Editor
Teen-agers can make this glamorous rock 'n' roll Valentine cake for their Queen of Hearts party.

Packaged cake mix, flavored gelatin, whipped cream and carbonated beverage are the major ingredients. Serve it with chilled bottled soft drinks when friends arrive.

For layers: Follow directions on cake mix package but use bottled carbonated beverage as the liquid. Use three 8 or 9-inch layer pans. Stack cooled, baked layers with sheets of wax paper between them and on top in refrigerator until ready to frost.

Filling and trim: One package strawberry-flavored gelatin; 1 1/2 cups bottled carbonated beverage (lemon-lime, ginger ale,

raspberry or cherry); 1/2 cup heavy cream, chilled; pinch salt; 2 tablespoons confectioners' sugar; 1/4 cup finely chopped nuts (optional); 1/4 teaspoon vanilla and/or almond extract.

Heat beverage to just below boiling; stir into flavored gelatin. Chill. Wash, dry and lightly oil a layer pan. Pour in gelatin and chill thoroughly.

With a small heart-shaped cookie cutter, cut down through gelatin, making hearts for top. Lift out gelatin surrounding each heart and put in small bowl or pitcher. Refrigerate pan with heart cutouts.

Beat leftover gelatin into small pieces with fork or spoon. Beat cream until it starts to thicken, adding salt and sugar, a little at a time. Fold in leftover gelatin with beater, a little at a time; then beat until cream turns pink. Fold in chopped nuts then flavoring extract.

Spread filling between chilled cake layers. Return to refrigerator.

Frosting: Two tablespoons carbonated beverage (lemon-lime, ginger ale, raspberry or cherry); 1/2 teaspoon unflavored gelatin; 1 1/2 cups heavy cream, chilled; pinch salt; 3 tablespoons confectioners' sugar; 1/4 teaspoon vanilla and/or almond extract.

Put beverage in heat-proof cup or small pitcher. Sprinkle with gelatin. When gelatin has softened, heat cup in pan of hot water until gelatin is thoroughly dissolved; set aside. Beat cream until it starts to thicken, gradually adding salt, sugar, gelatin and flavoring extract. Do not overbeat.

Cover top and sides of chilled cake with frosting. Decorate top with gelatin hearts. Refrigerate finished cake until serving.

TOMORROW'S DINNER: Creamed chicken and mushrooms on toast, tiny peas, parsley potatoes, soft rolls, butter or margarine, endive salad, oil and vinegar dressing, rock 'n' roll Valentine cake, coffee, tea, milk.

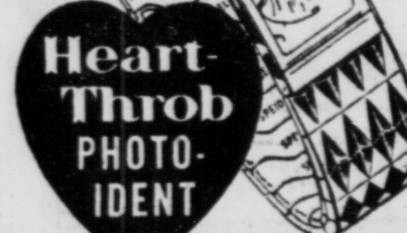

Former AP Writer Dies

Miami, Fla., Feb. 6 (AP)—Charles W. Dunkley, former Associated Press central division sports editor for 36 years died today in a Miami hospital. He was 70. Dunkley joined the AP in 1911 and was appointed central division sports editor in 1916. He retired in September, 1952. Mrs. Elizabeth Dunkley said her husband died in St. Francis hospital of a coronary occlusion. The body will be flown back to Chicago, she said.

STUDENT GROUP ENTERTAINS—Robert Steuding and his "Blue Notes" orchestra entertained patients of the TB Hospital yesterday with a program of popular music. They are all members of the high school band which is under

the direction of Marlin Morrette. Musicians pictured include (l-r) Joseph Kelly, baritone saxophone; Thomas Valeo, tenor saxophone; Robert Steuding, trumpet; Joseph Gillen, trombone; James Valeo, piano and, in the rear, Thomas Tellier, drums. (Freeman photo)

BROWNIES RECEIVE PINS—New members of Troop 33, Girl Scouts of America, who received their Brownie pins included front row (l-r) Sharon Murphy, Jean Gaffney, Darlene Regney, Lauren Costello. Second row (l-r)

Linda Albertini, Barbara Kushner, Kathleen Hart, Patricia Kennedy. Leaders pictured (l-r) Mrs. Shirley Edell and Mrs. Walter Budny. (Freeman photo)

Investiture Ceremony Held for Brownies

Brownie Scout pins were awarded to 15 new scouts joining Troop 33 at St. Joseph's School this week.

They included Linda Albertini, Joan Canavan, Lauren Costello, Brenda De Angelis, Jean Gaffney, Kathleen Hart, Patricia Kennedy, Barbara Kushner, Sharon Murphy, Nancy Nanna, Darlene Regney, Christine Savatgy, Katherine Stall, Anita and Katherine Viano.

During the investiture ceremony the Brownies repeated their scout promise.

Leaders for Troop 33, which was organized in October, 1956, include Mrs. Helen Budny and Mrs. Shirley Edell. Troop leaders are assisted by Mrs. Mildred Hart, Mrs. Helen Stall and Mrs. Marje Savatgy, Brownie mothers.

Samaritan

Julesburg, Colo. (AP)—Good-hearted Louis Hansen may not be so good-hearted in the future. After befriending a young married couple in Denver, Hansen purchased transportation for the newlyweds and rented a hotel room for them in nearby Sterling. He left his luggage in Sterling and continued on to Julesburg. The next day he returned for his luggage. The couple was gone. So was Hansen's baggage.

One-Way Passage

Norfolk, Va. (AP)—Henry Budner, disabled navy veteran and a native of Armenia, left his estate, estimated at \$24,000, to charity. He said in his will he had no knowledge of any known relatives but directed that anyone coming to Norfolk and proving relationship be given expenses from Norfolk to his or her home if in the United States.

Salesman Doomed To Electric Chair

White Plains, N. Y., Feb. 6 (AP)—A 29-year-old door-to-door coffee salesman last night was doomed to die in the electric chair for the sex slaying of a frail school teacher.

A jury of 10 men and 2 women deliberated 3 hours and 20 minutes to convict Edward F. Eckwerth of first degree murder in the June 22 slaying of Rosemary Spezzo, 24, of Yonkers, N. Y. She was a teacher at a Parochial school in the Bronx.

In failing to recommend clemency, the jury made the death penalty mandatory. Unless the conviction is upset by an automatic appeal to a higher court, Eckwerth will die in the electric chair.

Other Business

San Diego, Calif. (AP)—A letter to the sheriff from Charles F. Wilken of Coachella Valley said he lost a pistol in 1942 but had been too busy to report it until 1956, when the letter was mailed.

C. J. van Rijn Addresses Vols Annual Dinner

Woodstock, Feb. 6.—C. J. van Rijn, head of Rotron Manufacturing Company of Woodstock, was the principal speaker at the annual dinner of the Woodstock Fire Companies, Saturday evening, at Deane's Restaurant.

"You Woodstock Fire Company members are volunteers and you give much of your time and energy to doing charitable work for the town," Mr. van Rijn said. "Your motives are therefore of a high standard and your conduct stands above that of those who do things as a profession or for a profit."

Former Kingston Fire Chief Joseph L. Murphy also spoke before the 61 members of the Fire Companies present.

Among the guests who attended were Charles Raible, of the Rotron Manufacturing Company, Supervisor Joseph Fitzlapp, Victor Lasher, DeWitt Shultis, Arthur Steone, Montecena DeWitt and Karl Cousins.

Bearsville Lodge

Offers Pilgrimage Trip

Woodstock, Feb. 6.—Bearsville Lodge, No. 533, Independent Order of Odd Fellows, announced today plans to send two high school students on the pilgrimage to the eighth annual Odd Fellows Pilgrimage to the United Nations in July, according to Noble Grand Frederick R. Reynolds.

Some 600 sophomores or juniors from high schools in the United States, Canada and Hawaii will take part in the pilgrimage which will be broken up into four weeks. The students will be quartered at the Hotel Claridge in New York city and will attend UN sessions, interview UN delegates and inspect the UN headquarters.

On the social side activities will include trips to Radio City, Coney Island and a legitimate play. All expenses will be borne by the sponsoring Odd Fellows lodges and each youngster will also be given some spending money.

The committee delegated by Noble Grand Reynolds to handle the details includes Willard A. Berryman, District Deputy Grand Master of Ulster District, IOOF, Paul W. Rowe and Maurice Hamilton. They have contacted Principals Clifford Miller at Kingston High School and John Moehele, supervision principal at Ontario Central School and both have agreed to arrange for the

selection of one student from each school to attend the pilgrimage as guests of Bearsville Lodge. The only conditions are that the children be sophomores or juniors, 16 or 17 years of age and in good physical condition and residents of the township of Woodstock.

The choices will be made by April 1, and further details will be announced later.

Craft's Co-op Will Close Retail Store

Woodstock, Feb. 6.—The Board of Directors of Crafts Co-operative, Inc., Woodstock, have announced that their retail shop will close permanently following its annual "Sale of Seconds" which starts February 9.

The Crafts Co-op Shop opened late in 1948 and the following spring a co-operative corporation was formed and stock sold to 25 craftsmen living in or near Ulster county. The shop has been run as a co-operative venture during the past eight years, first in the building behind the Folic Gallery and later in its present location next to the Post Office.

Decision to close March 1 was necessitated by the fact that many of the stockholders have moved from the area and several have been lost through death, so that there was an insufficient number of members available to continue as a co-operative.

The board further announced that all outstanding stock would be called in at 100 per cent of par and the corporation dissolved.

The "Sale of Seconds" will be enlarged this year to include any regular merchandise which individual consignors may wish to mark down for quick disposal.

Opening February 9, the sale will run through February 26. The shop hours are 1:30 to 5:30 p. m., daily except Wednesdays.

Reformed Church Will Observe Boy Scout Day

Woodstock, Feb. 6.—Boy Scout Sunday will be observed in the Dutch Reformed Church, during services conducted by the Rev. Harvey I. Todd, Sunday at 11 a. m. A nursery is provided for younger children. Sunday school meets at 9:30 a. m.

It has been requested that there be a 100 per cent attendance of all Cubs, Boy Scouts and Explorer Scouts together with their parents and other members of Scout families. In accordance with the 12th Scout Law which reads: "A Scout is Reverent," all Cubs and Boy Scouts are asked to attend and worship in their uniforms.

Name Mrs. Charles King Head of Nursing Group

Woodstock, Feb. 6.—The Woodstock Public Health Nursing Committee held its first meeting of the year at Woodstock Health Center, recently.

The new officers this year are: Mrs. Charles W. King, president; Mrs. Victor Busch, vice president; Mrs. Alex Sharpe Jr., secretary; Mrs. Clarence Snyder, treasurer.

It was decided that the committee would present two scholarships of \$50 each to two high school graduates, who plan to

enter a nurses training school. The recipients will be selected by the school authorities next June, with one award to go to a Kingston High School graduate and the other to a graduate of the Ontario High School.

Arrangements are being made with the Cancer Association to show members how to prepare cancer dressings. Hereafter, a group of members will meet at the Health Center the morning of the regular meeting day to prepare the dressings.

Boy Scout Finance Campaign in Progress

Woodstock, Feb. 6.—A large group of workers are at present participating to keep Boy Scouting on the up-grade here and elsewhere in Ulster and Greene counties.

They are asking residents to contribute toward the budget of the Rip Van Winkle Council, which has to be kept in operation in order that Boy Scouting may continue in this and other communities.

In the annual door-to-door campaign, those who are helping are carrying on a definite public service to insure the means of preparing boys for good citizenship, according to the Rev. Harvey I. Todd. He has asked that these folks be rewarded liberally by contributing to the cause for which they are working hard and which they believe is worthy of the best support the entire community may give it.

Zena Fire Company

To Elect Officers

Woodstock, Feb. 6.—Monday, Feb. 11, at the Zena Country Club there will be a meeting of the newly organized Zena Fire Department, at 8 p. m.

Nomination and election of officers will take place, and a financial report will be made. There will also be a report on the status of the petition to be presented to the Fire Commissioners, a report on future planning, and a report from the board of directors.

There are now 35 active members in the company. Refreshments will be served at the meeting.

Methodist Parish Schedules Services

Woodstock, Feb. 6.—The sermon topic for the churches of the Woodstock Methodist Parish for Sunday will be "Victims of Tomorrow." An invitation is given to all who would worship.

The Wesleyan Service Guild of the Woodstock Church will meet Monday, Feb. 11, at 8 p. m., at the home of Mrs. Earl Jones. Mrs. Kenneth Reynolds will be co-hostess. Mrs. Barry Neher will be in charge of the program entitled "For All Children."

The King's Daughters of Shady will meet Wednesday, Feb. 13, at 8 p. m., at the home of Mrs. Ivan Mallow.

The Methodist Youth Fellowship of the parish has recently elected new officers. They are: Fred Bollanbach, president; Mae MacDaniel, vice president; Valda Lapo, secretary; Gala Shultis, treasurer; Virginia Carnright, Christian Missions; Walter Bollenbach, Christian Outreach and Freddie Strickland, recreation.

The program committee of the fellowship met Thursday

SWEETIE PIE

By Nadine Seltzer

"Shultz, go back and wipe your feet!"

evening and planned the following programs:

February 15 — "Comrades Along the Way" presented by Virginia Carnright. The recreation period will be a Valentine Party.

March 1 — "Without Counting the Cost" presented by Joyce VanDe Bogart.

March 15 — "Color Blind" presented by Irene and Susan Shultis. During the recreation period the group will view a film entitled "The Cool Hot Rod."

March 29 — "Hands That Serve" presented by Pat and Gene Lapo.

April 12 — Easter Program. A colored film entitled "The Lord's Crucifixion" will be shown.

April 26 — "Life Through Giving" presented by Walter Bollenbach and Philip Auchmoody. This program will be an explanation of the Methodist Youth Fund and a pledge will be made at this meeting.

Scientist Church

Offers Lesson-Sermon

Woodstock, Feb. 6.—The fact that all things are possible to God will be emphasized at the service in the Christian Science Church, Sunday in the lesson sermon entitled "Spirit," it has been announced by the assistant committee on Christian Science publications.

Luke's account of Christ Jesus' healing will be included in readings from the King James Version of the Bible.

Selections from "Science and Health with key to the scriptures" by Mary Baker Eddy will include (182:32-4).

The Golden Text is from II Corinthians (3:17).

Lutheran Church

Announces Services

Woodstock, Feb. 6.—The Rev. G. Oliver Sands will preach on the theme: "A Victorious Church" at the 11 a. m. Sunday service in Christ Lutheran

Church. Mrs. Donald Zimmerman will conduct the Sunday school session beginning at 9:45 a. m.

At 5:30 the same evening the young married couples of the church and their families are invited to a buffet covered dish dinner at the parsonage.

Wednesday, Feb. 13, those who are interested in the Swedish weaving handbag project, both for the first and second lesson, will meet at the parsonage.

Thursday, Feb. 14, at 2 p. m., the United Lutheran Church Women will meet at the parsonage.

The choir meets Thursdays at 8 p. m., for rehearsals with Miss Anna H. Eignor at the organ.

Lutheran Activities

Mrs. Elsa Holmuer, Mrs. Ruth Holmuer, Mrs. Edith Lasher, Mrs. Edna Klothe, Mrs. Ada Renninger, Mrs. Esther Schenck and Mrs. Alice Wolven met last week at the Lutheran parsonage with Mrs. Sands leading the group in making of either a vanity or a curtain rod type handbag, with Swedish weaving.

Mr. and Mrs. Percy L. Crosswell, Mr. and Mrs. Fred A. Thais, Mr. and Mrs. Hans A. Horgan, Mrs. F. A. Benson, Miss Florence Pepper, Mrs. Olga Randall, Mrs. Raymond T. Snyder, Miss Annette Dietz, Mrs. Albina Shultis, Miss Nellie J. Mower, Mrs. Dorothy B. Cauer, Miss Anna H. Eignor, Mrs. Grace Bierhals, Mrs. Marie Holmuer, Mrs. Carl Hansen, and Mrs. Louis Hilyan were recent guests of the Rev. and Mrs. G. Oliver Sands at the parsonage.

The pastor led the group in a study of the origin and development of sin. This senior member group will meet at the parsonage on February 26.

Mrs. Sands led the young people of the church in a discussion of "Worship" at their meeting of the early Jewish history as told in Genesis and Exodus. Present for the first meeting were the

DO YOU REMEMBER

By SOPHIE MILLER

"Some of the local bakers have dropped the price of the ten-cent loaf of bread to nine cents, and the new price went into effect last week. The Mohican Company is selling the eight cent size loaf at six cents, which is the lowest price in the city. With the price of flour and other baking material dropping, the price of bread is also declining, although it is hardly likely that the five cent loaf will hit Kingston, at least right away." The above was on the front page at the very top of the Kingston Freeman and Journal of Tuesday, May 30, 1921.

I wonder how many folks remember the penny postal card and also when you could send everyone you know a picture postal for a penny with "Wish you were here" on it. Item describes one of the largest shipments of post cards known to be consigned to any jobber in this section, was received Saturday by William O'Reilly, the Broadway stationer and jobber.

These post cards were to be distributed to dealers in Ulster and several adjoining counties, Delaware, Greene, Dutchess, Orange, Columbia and Sullivan. Views of the Catskills, Ashokan Dam, Monhok Lake, Minnewaska Lake, Rhinebeck, Ellenville, Saugerties, Kingston, the Hudson river and other spots of interest are represented.

In the shipment were over three million post cards, the weight of the consignment being over seven tons. This too, was from the above date, it seems even the price of autos were going down. There was a reduction of \$250 or 18 per cent on the Oakland it was announced from their Detroit plant.

The other two firms to reduce the price of their cars was the Jordan Company of Cleveland and Chevrolet of Flint.

Those were the days when horse thieves were around yet. "Early Sunday morning a bay horse owned by Bresh Cannellio of Port Ewen was stolen. The horse had the spring halt in the right hind leg and there was a white spot and scar at the same leg. The horse weighed about 1,100 pounds and was about 12 years old. The sheriff's office was notified and an investigation started."

Whenever there is mention in this column about prices of items or foods folks seem to enjoy discussing it, so here goes.

In this same paper appeared a full page advertisement of E. S. Craft and Son of 330 Wall street. He was having his dollar day specials. You could get five pounds of best coffee for \$1 at this sale. Brooms made by the Herbert Broom company were 49 cents. Salmon, pink in tall

Misses Carol DeWitt, Marilyn Wolven, Carol Ennist, Arlene Van Kleek, the Messrs. Stewart DeWitt, Albert S. Holmuer, Michael Mayer, and Bruce Van Kleek, Mrs. Edna DeWitt and Mrs. Alice Wolven. Later Mrs. Harold Grumme and son John, Erwin Holmuer, Mr. and Mrs. Albert C. Holmuer and son, David joined the group.

Miss Marilyn Wolven will lead the meeting at her home February 17, starting at 7 p. m. Refreshments will be served.

Peppers Lose Two

Woodstock, Feb. 6.—Pepper's Garage lost two games out of three bowling with Maines Olivers last Wednesday night in the Saugerties B. League. Pepper's scored 837-811-810 and Maine's 955-913-783. Pepper's had handicaps of 82-91-76. Individual scores for Pepper's were: Nicponski 129-130-147; W. Harder 170-126-105; Williams 156-144-155; Jones 146-155-140; Pepper 154-165-181. Individual scores for Maine's were: Teetsel 168-201-173; H. Maines 169-127; Myers 183-167; Steiger 168-167-144; Jansenowski 234-198-172; J. Maines 216-164.

Events Scheduled

Woodstock, Feb. 6.—A ham supper will be served in the basement of the Dutch Reformed Church, Thursday starting at 5:30 p. m.

Mrs. Clayton Harder, town clerk would like to remind residents that dog licenses are due by February 10.

The Woodstock Home Demonstration Unit will hold the monthly meeting, Tuesday, Feb. 12, in the Methodist Hall at 2 p. m.

An exhibition of antiques and hobbies loaned by the members will be the feature of the afternoon. Miss Abigail will serve as hostess for the afternoon and refreshments will be served.

Have Time to Talk

Detroit, Feb. 6 (AP) — Three New York convicts still have time to get out from under two-year prison terms they received for contempt of a federal grand jury probing an alleged national narcotics ring. Federal Judge Thomas B. Thornton said yesterday in handing out the three sentences that any of the three men could testify before the grand jury before their terms start and hence purge themselves of the contempt charge. The three, Dominic Tedesco, 38; George Vellucci, 44, and Frank Corona, 47, must serve the new sentences when they complete their present terms at the Attica, N. Y. State Prison. All three were first sentenced for dope peddling.

Slight Power Decline
New York, Feb. 6 (AP) — The nation's electric power production declined slightly last week but remained close to the all-time high set in mid-January, Edison Electric Institute said today. Power output totaled 12,322,000,000 kilowatt hours, compared with 12,410,000,000 the previous week and the record 12,556,000,000 in the week ended Jan. 19. The latest week's total was 6.8 per cent above the 11,540,000,000 kilowatt hours in the like period of 1956.

Transportation Limited
Detroit (AP) — Two 16-year-old high school juniors, Henry Adries and Joan Dudek — have their own rubber-tire hack. They bought the 1937 model hearse with a 25-student capacity to transport friends to school parties. "Girls are a little choosy, though," said Andries. "They'll ride in it to a tobogganing party, but they wouldn't be found dead going in it to church."

High School Thrashes Fallsburgh, 75-22, for 4th DUSO Win

Smith and Uhl Set Pace in Lopsided Victory

Grimaldi on Sidelines Indefinitely for KHS

In one of the most lopsided games ever won by a Kingston High basketball team, the Maroons crushed a woefully weak Fallsburgh Central squad, 75-22, last night at the field house.

One must go back to the 1947-48 season to find a more one-sided verdict in favor of the

home club. In that campaign, Beacon High bowed by 70-19. The locals turned the trick last evening without the aid of standout center Tony Grimaldi who is once again on the sick list. Coach Jack Gilligan learned about four hours before game time that his jump shooting star was bedded with a throat infection. Grimaldi, who sat out almost the entire first half of the season with a kidney ailment, will now be on the sidelines indefinitely and quite possibly for the remainder of the campaign.

33-Point Difference

With Grimaldi in the lineup the final margin of 53 points must surely would have been greater. The Comets were a pitiful lot and must rank as one of

the feeblest quintets in the history of the DUSO League. They didn't hit the 20 mark in scoring until the final 48 seconds of the game. That Larry Kotin who sank a foul shot amidst an outburst of good-natured cheers from the small group of rooters behind the Fallsburgh bench.

Bob Smith's KHS's stellar forward almost licked the Comets by his lonesome. He matched their final total of points and didn't even play in the final period.

Poor First Half

Fallsburgh's poor play rubbed off on Kingston in the first half, but after the intermission, the Maroons caught fire. Their half-time lead was 26-13, but in the second half they poured through 49 points with reserves playing the majority of the time.

Smith and George Uhl had the hottest hands in the second half surge. 'Smitty' scored 11 of his team's 21 points in the third period and Uhl half of the 28 total in the final period. Uhl finished with 17 points, a high for him since joining the varsity.

Richie Wilson got 12 of Fallsburgh's points as the Comets bowed for the 10th straight time in the DUSO.

League Record 4-6

Kingston's league record is 4-6. Against all foes, its 5-8. The Maroons shot a nifty 42 per cent, making 26 of 61 attempts. Their best shooting was in the third period when they hit 8 of 13 for 61 per cent.

Kingston faces three tough assignments in the next 10 days. Friday it plays at Ellenville and Monday at Port Jervis. It returns to the field house the 15th to oppose Newburgh Free Academy.

Porterfield Signs

Boston, Feb. 5—Veteran right-hander Bob Porterfield, a bitter disappointment to the Boston Red Sox last year, today returned his signed contract for the 1957 season.

Newburgh Sets Back Poughkeepsie

Goldbacks Move Into 3-Way Tie For DUSO Lead

Newburgh Free Academy moved into a three-way tie for first place in the DUSO League with Poughkeepsie and Port Jervis on the strength of a 52-47 victory over the Pioneers last night at the Bridge City before a capacity crowd of 1,700.

The three clubs all possess 8-2 records in the tightly-knit race. The victory was the second for the Goldbacks over Poughkeepsie this year and only the second loss in 31 starts over the last three seasons for Sam J. Kalloch coached teams.

Currey, Becaccio Show Way
John M. Currey and veteran Al Becaccio sparked the Newburghers to the important win. Becaccio pumped in 15 and Currey 13.

Lee J. Nelson, Poughkeepsie stellar forward, tried to carry his club alone, but it was in vain. He tallied 28 points, but got little support from any of his mates. Don Longobardi, with 10, was the only other PHS player in double digits.

Poughkeepsie In Lead

Poughkeepsie took a 13-6 quarter lead, but it was short-lived as the Goldbacks threw in 20 points in the next quarter to grab a never to be lost 26-20 halftime margin. The three-quarter score was 39-30.

Newburgh's power-laden and undefeated jayvee team made it 11 in a row with a 57-35 win. Frank Steinard showed the way with 21 points.

Gersch High Scorer

Although outshot 29-27 from the floor, Arlington High tripped Highland High for the second time this season, 73-65, last night in a non-league game at Highland.

Poor four shooting cost the Highlanders the victory. They made only 7 of 20 attempts, while Arlington's perennial strong foul shooting squad sank 19 of 26 tries.

Johnny Gersch, Highland's great all-around performer, enjoyed a tremendous evening, netting 28 points. Center, Dave Williams chipped in with 13 and Sam Baker 10.

Thorne High Scorer

George Thorne topped the Maroons with 22. Jim Robin hit 16 and Otto Landolf and Steve Sandberg 10 each.

The game was close all the way. Arlington snapped a 6-all tie in midway through the first quarter and never relinquished the lead, although Highland pulled within one point of tying several times. Arlington's quarterly margins were 18-11, 37-30 and 53-47.

Highland opposes St. Patrick's at Newburgh Friday and on Saturday travels to Ontario for a UCLAL clash.

Warriors Boost Eastern Lead

(By The Associated Press)

Three National Basketball Assn. games were played last night and each boosted Philadelphia's playoff chances.

The champ's Paul Arizin turned in another of his 30-plus scoring stints to lead a fourth-period drive at St. Louis that whipped the Hawks 101-87.

And in a Madison Square Garden doubleheader, the Boston Celtics and Rochester Royals combined to pad the Warrior's hold on second place in the league's Eastern Division. The Celtics opened with a 105-101 triumph over the Syracuse Nats, and the Royals followed with a 91-88 defeat of the New York Knicks.

The top three teams in each division go into the post-season playoffs. New York has been battling the Warriors for second spot all season, and recently Syracuse has been coming strong

Center Reaches Coveted Goal

Mandia Hits 1000-Mark In Scoring for Marlboro

Richie Mandia surpassed the 1,000 point mark in scoring for Marlboro Central last night as he led his club to an easy 82-55 UCLAL victory over winless New Paltz Central at New Paltz.

The strapping center scored 19 points to run his career total to 1,011. The milestone was reached in less than three years of varsity competition. Mandia still has eight more games to add to his total which is an all-time record for Marlboro.

Mandia wasn't the only key figure in the Marlboro win which was its third in seven UCLAL starts. Daryl Eckert and Doug Swartz also played key roles, scoring 14 and 16 points, respectively.

Oliver High

Topping the Hugenots' point-making was Frank Oliver with 15. Walt Dyer and Floyd Diedolf each contributed 11.

New Paltz jumped off to a 22-20 first quarter lead, but was overtaken at halftime, 41-35. Marlboro was in complete charge the remainder of the way, tallying 41 points in the second half to New Paltz's 20.

Lou DeSantis paced the Marlboro jayvees to a 51-29 win with 18 points. Richie Hayes scored 11 for the losers.

Gilpatric Elected President of New Babe Ruth League

Betting Mark Set In '56 for Trots

New York, Feb. 6 (AP) — A record \$325,420,967 was wagered on harness races in New York state during 1956.

George P. Monaghan, state harness racing commissioner, in his annual report yesterday said this was an increase of 15.1 per cent over the \$282,835,009 bet in 1955.

Revenue to the state also reached a new high of \$29,083,201, up \$3,442,976 over 1955. Total 1956 attendance was 5,388,165, another record. The 1955 turnout was 5,055,841.

Purse distribution similarly reached new heights at \$8,934,592 compared to \$8,081,952 for 1955.

The 1956 wagering was divided among the various tracks as follows: Roosevelt Raceway \$122,338,108; Yonkers Raceway \$140,348,939; Yonkers at Goshen \$444,475; Batavia Downs \$20,372,329; Buffalo Raceway \$16,492,465; Saratoga Raceway \$10,205,401; Orange county at Saratoga \$3,966,113; Orange county at Goshen \$185,569; Vernon Downs \$11,067,568.

Giardello Boxes Sandy Tonight

Chicago, Feb. 6 (AP) — You have the word of Al Weill, the sage of sock, that Randy Sandy is made to order for Joey Giardello in their 10 round middleweight scrap at Chicago Stadium tonight.

The man who guided Rocky Marciano to the heavyweight boxing crown says Sandy is too much of a stand-up fighter, duck soup for Joey.

"Giardello just loves to battle those stand-up guys," said Weill. Giardello put Bobby Boyd — another stand-up fighter — on the shelf with a broken jaw and lacerated mouth when he hammered the No. 1 middleweight contender into a pulp at Cleveland for a fifth round kayo last Sept. 28. That shot Joey back into the middleweight picture, and he meets Sandy as the No. 2 rated contender.

Giardello is a better than 2-1 favorite in the bout (ABC TV and radio, 10 p. m. EST) and by winning will make a big stride toward getting a title crack, probably in June.

Sandy, 24, won the 1951 New York Inter-City Golden Gloves welterweight title and seven pro starts before Willie Troy stopped him. After a 2-year hitch in the army, he returned to take 6 out of 10 starts since last March.

Ted Set to Sign
Boston, Feb. 6 (AP) — Ted Williams, baseball's highest paid star, makes his annual mid-winter visit to Fenway Park today for a meeting with Red Sox General Manager Joe Cronin to discuss a contract. If things go as in past years, the private meeting will last less than an hour before the 38-year-old outfielder signs for about \$100,000 for the 1957 season.

U. S. Sledgers Get Bid
St. Moritz, Switzerland, Feb. 5 (AP) — American bobsledders Arthur Tyler and Tom Butler said today they have accepted an invitation to compete in Poland, Feb. 16-17.

Big Town Champ
New York (NEA) — Floyd Patterson is the first New Yorker to win the heavyweight championship since Jimmy Braddock, who beat Max Baer for the title in 1935.

Leon Studt Named Vice-President; Open on June 10
Finhold Is Treasurer; Chichelsky, Secretary

James F. Gilpatric, manager of the Kiwanis Club team for the past three years, was elected president of the newly-franchised Babe Ruth League last night.

The Babe Ruth League is the successor to the Fraternal Youth League, with all franchises remaining intact.

Gilpatric, one of the league's hardest workers over the years, succeeded Leonard F. Ellsworth, who headed the FYL for the 1956 season.

Leon Studt, of the Vols, was named vice-president. The new treasurer is Lloyd Finhold of the U. S. Internal Revenue Department.

Jake Chichelsky, who served a distinguished career in Little League baseball, was appointed secretary by the new president.

Director of League
Gilpatric was vice-president of the FYL in 1956 and was a member of the Board of Directors of the league for three years.

Outside of his baseball activities, Gilpatric is a director of the Kiwanis Club and is a member of the Knights of Columbus, American Legion, Knights of Columbus, Elks Club and Veterans of Foreign Wars.

Schedule Adopted
A tentative schedule was adopted with a June 10 opening date and August 23 closing date. Playoffs are tentatively scheduled on August 23 and 24.

The league will also participate in the regional and national Babe Ruth League eliminations. A committee was appointed to contact the mayor relative to a suitable field and to screen prospects for umpire jobs.

Woodstock Organizes Little League

Jaycees Meeting Maps Plans for 4-Team League

Maurice Hamilton Elected President

A group of representative citizens of Woodstock met Tuesday night at Woodstock School and elected officers for a proposed Little League to be organized in the Community.

The meeting was called by Chet Baccari president of the Woodstock Junior Chamber of Commerce and he introduced Vernon J. Kelder of Ellenville, District Representative of the Little League who gave a brief history of the organization and explained procedures for setting up a league.

The proposed four-team league will embrace the township of Woodstock.

Several organizations were represented including the Woodstock Merchants Association, the Woodstock Square Club, Woodstock Rotary Club, Woodstock Fire Company No. 1, Woodstock Recreation Committee and Bears ville Lodge, No. 533, IOOF.

Maurice F. Hamilton, publisher of the Woodstock Press, was elected president; Robert Hastie, vice president; Arthur Hasen, treasurer and Mrs. Inger Walker, secretary.

After the election the new president named the following organizational committee: Mr. Baccari, Douglas Cammann, Roger Jones, Washington Wilber, Alex Sharpe, Al Carlson, Milton Combs and Chester Wilcox.

The committee and officers will hold a special meeting on Tuesday, Feb. 19 at Woodstock School at which time further plans will be made, to be presented at an open meeting on Tuesday, Feb. 2, also at the school when projects for raising the necessary funds will be discussed.

Kingston CYO '57 Nips Rosendale
St. Peter's of Kingston edged St. Peter's of Rosendale 32-30 in CYO basketball last night at the municipal auditorium.

John Bruck paced the win with 18 points. High for the losers was Stroble with 11.

The Kingston team led 7-6 at the quarter, but fell behind at halftime 17-15. They regained the lead at the three-quarter stop, 22-21.

Big Dip
New York (NEA) — In 1945, Madison Square Garden indoor bouts drew \$2,262,787. Ten years later, they were at \$228,000.

Willing to Trade
New York (NEA) — Gene Littler sank an 18-foot putt to win the 1953 National Amateur golf championship. In 1954, he missed an eight-foot putt to tie for the United States Open.

Prison Economy
Madison, Wis. (AP) — The State Board of Public Welfare has proposed closing the twine-making plant at the Wisconsin State Prison at Waupun. Inmates started making twine in 1912 and since then the plant has turned back \$2,235,307 to the state's general fund. But officials, in their recommendation, said the twine market is so bad that even with 35 cents a day prison labor the plant now is losing money.

Ulysses S. Grant's second Inaugural Ball was \$20-a-ticket admission ceremony.

Big Name Golfers Shun Tucson Open
Tucson, Ariz., Feb. 6 (AP) — Sponsors of the \$15,000 Tucson Open, never one of the high points on the winter tour, are discovering to their chagrin that it takes more than money to get the big-name golfers to come to town.

With play starting tomorrow Ricki Rarick, president of the Tucson Golf Assn. which sponsors the annual event, took a look at the entry list and gasped:

"We are not getting a list of big-name players. I think that is a breach of faith. I can't honestly believe that the Professional Golfers Assn. made an effort to get the name golfers to Tucson."

The PGA said in reply that it's not the stars, but the easy El Rio country club course that's to blame.

The Tucson Open has long been a small-money tournament. This year sponsors jumped the ante from \$10,000 to \$15,000, but they didn't catch Cary Middlecoff, Gene Littler, Tommy Bolt, Billy Maxwell, Jimmy Demaret, Lloyd Mangrum, or even defending champion Ted Kroll.

Modern tennis was introduced in the United States in 1874.

Rondout Valley Keeps Rolling; SHS Routs Wallkill, 84-37

Kerhonkson Five Stretches Skein To Twelve Games

Rondout Valley Central basketball players had cause for two celebrations last night. First, for capturing win No. 12 and second for the 18th birthday of star center John Mustion.

(Kathy Joyce, Rondout's always-cheerful scorekeeper, clued us on the last bit of information.)

Mustion, who has been the strong man in his team's so-far unbeaten season, contributed 15 points to Rondout's 55-44 win over Tri-Valley of Grahamsville. The contest was a non-league affair played at Kerhonkson and marked the second time this year Rondout had beaten Tri-Valley.

Art Stockin shared high scoring honors with Mustion. Top gun for the losers was Richie Walter with 14. Jim Bonnell chipped in with 11. Tom Gilman added 10 to the victors' total.

Rondout zoomed to an 18-4 lead in the first quarter and coasted in the rest of the way. At halftime the margin had ballooned to 36-12.

Resumes Action Friday
Rondout resumes UCAI action Friday at home against Marlboro. Monday, it plays the big game of the season against Saugerties on the latter's court.

In the jayvee game, Rondout also scored, 46-25. Barry Banks notched 12 and Jim Smith 11 for the winners.

The boxscore:
Rondout Valley (55)

Osowick, Mack Star
Port Raps Ellenville By 77 to 69
Port Jervis' Mr. Inside and Mr. Outside, Alex Osowick and Eddie Mack, all but extinguished Ellenville Central's last flickering hope for a DUSO League basketball championship as they scored 58 points together to carry the Red Raiders to a vital 77-69 victory last night at Ellenville.

Port's victory, coupled with Newburgh's success over Poughkeepsie, places the three clubs in a deadlock for first place. All boast 8-2 records.

Osowick Unstoppable
Osowick, who is just unstoppable, poured in 35 points and jump-shooting Mack 23 as the Raiders conquered the Blue Devils for the second time this year. Ellenville, after a fast start, finds itself two full games behind the leaders and with a 6-4 record.

The Redmen, who went all the way with five players, won the game for 31 free throws in 46 attempts to Ellenville's poor record of 7 for 21. From the field, the Blue Devils outshot their foes by a wide margin, 31 to 23.

Mike Tannenbaum again topped the Ellenville scoring with 20 points. Bob Gorman made 14, Tom Brown 12 and Jim Reed 11.

Other Port Scoring
Rounding out the Port scoring were Harry Boyd with 11, Russ Devore with 7 and Bruce Parsons 1.

A hot third period helped Port to its win. After trailing 38-29 at the half, the Raiders found the target for 31 points and a 60-51 three-quarter advantage.

The Port jayvees won a squeaker, 39-36. Bill Pepper hit for 11 for the winners while Martin Klossosky of Ellenville won scoring honors with 12.

Tourist Committee At Wildcat Hollow
Tannersville, Feb. 6 (AP)—The joint legislative committee on winter tourists has inspected Wildcat Hollow near this Catskill community in its search for potential ski areas.

Members said after the tour yesterday that advantages of the site were nearness to the Thruway and a relatively short distance of little more than 100 miles from New York city.

The committee did not make any commitments about the area.

Sawyers Capture Sixth UCAI Win And 10th Overall

Saugerties High had a hot night from the field but a cold one from the free throw line last night as it waltzed to an easy 84-37 UCAI home victory over outgunned Wallkill Central at Saugerties.

The Sawyers pumped in 36 field goals in the rout, but caused Coach Bud Smith plenty of anguish from the charity stripe, hitting only 12 of 28 attempts.

Big Austin Kerin scored 22 points to pace the Sawyers to their sixth UCAI win in seven games and 10th win overall in 12 games. The 6-7 center could have had a handful more if he hit his free tosses. He only made 2 of 11 tries.

Zeelman Hits 16
Speedy Bill Zeelman and forward running-mate Skip Kugelmann were also instrumental in the success. Zeelman canned 16 and Kugelmann three less.

Saugerties was on top all the way, leading 31-20 at halftime. The Sawyers set a blistering scoring pace in the final half, tallying 53 points.

Wallkill, which is 1-7 in the UCAI, was led by Pete Perez with 12 and Henry Hecht with 10.

Saugerties travels to New Paltz Friday in its final tuneup for the showdown game with league-leading Rondout Valley Central Monday at the SHS gym.

Saugerties Jayvees Win
Bill Struab's strong jayvee club made the evening a complete success by winning the opener, 59-48. Four players scored in double figures as the junior Sawyers won their 10th game compared to just one loss.

Terry Craft, Barry Wolven and Bob Whitaker were the leaders with 13 each. Bobby Myers made 10. Wallkill's twin-brother act of Gene and Ralph Bilboa accounted for 34 of their teams points with the former hitting for 18.

Trades Appear Out Casey Likes Yanks as Is

New York, Feb. 6 (AP)—Casey Stengel, backed up with another world championship, figures his New York Yankees won't make a trade right now. "I gotta go with what I got," says Casey. "We don't want any strangers on this club."

Only the last part is a jest. "The other clubs say they won't trade with us unless they can get five or six men and maybe be hurt us. Now I haven't heard them say that, you understand. But you know they're saying it."

Casey Very Dapper
The mighty Casey, dapper in a blue single breasted suit (although his tie was askew), told an informal press conference yesterday that as far as the Yankees are concerned, there just aren't any trades to be made. Not right now, anyway.

"I don't need to trade now," said Casey. "I've got some good men on this ball club, some of 'em I'd trade, but if I trade 'em, the other club will play 'em because they're better than the

players they have now and then you might get hurt." Broken down, what he said was this: The Yankees have a pretty good crop of youngsters and second line players. But Casey won't let them go—unless he gets exactly what he wants in return—because they could be first string material on another team and might come back to haunt him.

Needs Pitcher
What does Stengel want? "Well, I'd consider getting a pitcher. I've never seen a man yet who couldn't use a pitcher. A year ago a couple of clubs thought they could trade my ball club because our pitching didn't look too good. But our pitching is very good."

Left field also presents a trade possibility. Casey has a "problem" there. "I don't have a fella listed as a left fielder," he said. Then he named seven players who might fill the hole — Irv Noren, Elston Howard, Enos Slaughter, Norm Siebern and rookies Bob Martyn, Tony Kubek and Woody Held.

"Nobody in the league has offered me as good a left fielder

or Jack Urban to that, and then I've got Rip Coleman, Maury McDermott and Tom Morgan."

Stengel was asked whether he thought he had the best pitching in the league. Answer: "Well now Cleveland has some strong pitching and Detroit has three or four. But what happens if one of 'em has a bad season? Do they have enough?"

Left field also presents a trade possibility. Casey has a "problem" there. "I don't have a fella listed as a left fielder," he said. Then he named seven players who might fill the hole — Irv Noren, Elston Howard, Enos Slaughter, Norm Siebern and rookies Bob Martyn, Tony Kubek and Woody Held.

"Nobody in the league has offered me as good a left fielder

Skowron Begins Slimming Waistline

Austin, Minn., Feb. 6 (AP)—New York Yankee slugger Bill Skowron took a hint from his 3-year-old son today and started melting down his mid-winter waistline.

"I weigh about 210 now but little Greg keeps yelling '240' at me," he winked. "I think his mother put him up to it."

So Big Moose hied himself off to the Austin High School gym and started slimming toward a playing goal of 197 pounds. The 26-year-old first baseman hasn't agreed to contract terms yet but he expects to be on hand at the Yankees' St. Petersburg, Fla., training camp Feb. 26.

Trade Mark Reg. By JUNIUS

The man who wrote "A job well done never wants doing again" has not weeded a garden.

An old farmer was once asked by a young man how it was he had become so rich.

Old Man—It is a long story and while I am telling it we might as well save the candle.

And he put it out.

Youth—You need not tell the story, I understand.

KILLJOY A conscience is a killjoy. It takes away the fun. You had in doing something. You shouldn't a oughta done!

The boy friend was sitting in the living room patiently waiting for his longtime fiancée to come down. Making conversation with her father, he said.

Youth—You know I've been going with your daughter for exactly 10 years.

Father—Well, what do you want? A pension?

The two men hadn't met for

many years and they had much to talk of.

One—And tell me, is your wife as beautiful as ever?

Other—Oh, yes, only it takes her a lot longer now.

FUNNY BUSINESS

By HERSCHBERGER

"I think she's trying to shame him into liking it!"

many years and they had much to talk of.

One—And tell me, is your wife as beautiful as ever?

Other—Oh, yes, only it takes her a lot longer now.

Highways that "breathe", using flexible corrugated steel culverts, which give under heavy loads, but then spring back into shape, are now joining America's growing road network.

Agnes—My new boyfriend is very backward about his love-making.

Ethel—He is?

Agnes—I'll say. He makes love to me first and then asks my

New York, on the 11th day of Feb-

ruary, 1957, at 8 o'clock in the evening

of that day, to consider and take

action on said matter, and a PUBLIC

HEARING will be then and there

The Weather

WEDNESDAY, FEB. 6, 1957

Sun rises at 7:05 a. m.; sun sets at 5:16 p. m. EST.
Weather: Fair.

The Temperature

The lowest temperature recorded on the Freeman thermometer during the night was 21 degrees. The highest figure recorded up to noon today was 34 degrees.

Weather Forecast

NEW YORK CITY and vicinity: Mostly cloudy with a chance of a little light snow along the ocean, brightening up some in midtown and some sunshine in northern suburbs this afternoon. Temperatures in the middle and upper 30s. Partly cloudy tonight with lowest temperatures about 30 in city proper but near 25 in northern suburbs. Thursday, mostly cloudy with chance of some light rain or snow developing during the day with highest temperatures in the middle and upper 30s again. Gentle wind this afternoon, tonight and Thursday, variable in direction but mostly to northeast, with probability of becoming southeasterly during Thursday. Visibility fair this afternoon, tonight and Thursday, except fair to poor in early morning hours.

OUTLOOK: Friday, cloudy with rain and slightly warmer; Saturday, clearing and a little cooler again.

FAIR AND WARMER

EASTERN NEW YORK—partly cloudy south portion with chance of a little light snow today. Moderate temperatures. High mostly in the 30s. Generally fair tonight, low 10-20 north and 15-25 south. Thursday becoming rather cloudy with continued moderate temperature and a chance for some snow in west portion in afternoon.

Moderate Weather Due Next 5 Days

Albany, Feb. 6 (P) — The extended weather forecasts for New York state, prepared by the U. S. Weather Bureau, for the period from 7:30 p. m. today, to 7:30 p. m. Monday:

Eastern New York—Moderate weather is expected the next 5 days, Wednesday night through Monday. Temperatures will average about 5 degrees or more above seasonal expectancy, with little day-to-day change. Precipitation will be light, with less than a half inch water content. A little light snow at the beginning and some snow or rain over the weekend.

Western New York—Changeable weather is indicated, with temperatures averaging a few degrees above normal. Only minor day-to-day changes. Scattered light snow flurries until the weekend, when a general snow or rain is expected to develop. Total precipitation of around one-half inch is likely.

Temperature normals—Normal daytime high temperatures in upstate New York at this time of the year are in the upper 20s and low 30s. Normal overnight lows range from 7 to 17.

Consolidation Is the Chambers School faculty, treasurer.

Advise Careful Study
Edward Dingley, president of the board of Chambers School, and Reginald Russell, principal, spoke briefly, indicating that the question of consolidation required careful consideration and study but that some action must be taken in the near future in order to meet rising pupil loads.

Members of the Greater Kingston Area Committee were present to explain consolidation. Dr. Earl Soper, superintendent of Kingston schools, was also present to answer questions.

Representing the committee were Norman Hammond, member speaker, and a panel consisting of Daniel Morehouse Sr., Roy Feddes, chairman of the committee, and Mrs. James Foster.

Meetings of a similar nature are being held throughout the rural areas in order to acquaint residents with issues involved in consolidation.

Bosox Signs Williams

Boston, Feb. 6 (P)—Ted Williams, baseball's highest paid player, today signed up with the Red Sox for the 1957 season. The 38-year-old slugger conferred with Joe Cronin, Boston general manager for an hour before it was announced tersely that he had agreed to a contract. No terms were announced but it was assumed he had signed again for about \$100,000, the same amount he has received in the last few years. Williams then posed for photographers before meeting baseball writers.

Now you know!

The answers to everyday insurance problems* by **HERMAN J. EATON, C.L.U.**

QUESTION: Can you tell me what is meant by the term "short rate basis"?

ANSWER: Generally it means that when insurance is cancelled, at the insured's request, the charge for the time it was in force is more than would be proportionate to the total term of the policy. This is because the cost of writing, issuing and terminating the policy must be absorbed over a shorter period than was expected.

* If you'll address your own insurance questions to this office we'll try to give you the correct answers and there will be NO CHARGE or OBLIGATION of ANY KIND.

LEARN HOW TO BRUSH TEETH—Children of Public School No. 4 get instructions on how to brush teeth from Gretchen Braunschweiger, dental hygiene teacher for Kingston elementary schools. The youngsters (l-r) are Ray DeMico, Beverly Edwards and Barbara Polacco. (Freeman photo).

Dental Society Stresses Care of Children's Teeth

If your child follows the usual pattern, he may well be a dental cripple by the time he is in his forties, the American Dental Association reported today in connection with National Children's Dental Health Week, February 4-10.

There is little or no excuse for this prospect. But the fact is, according to recent studies, that the average individual, by the time he is 41, is likely to have 19 missing, decayed or filled teeth.

The loss of permanent teeth in children and young adults is shocking, one noted dental scientist reported. "It is estimated that 40 per cent of our children have had at least one permanent tooth extracted by the age of 14; that at age 35, one-quarter to one-half of the population has or should have artificial dentures."

Situation Tragic
Dental disease affects most of us at some time. The plain, annoyance and even facial disfigurement of dental decay, for instance, affects 90 to 95 per cent of the population. The situation is tragic. It is tragic because the knowledge is at hand to control and prevent this most common ailment of mankind.

Dentists are agreed that the most effective approach to the nation's dental disease problem lies in instilling the right kind of dental health habits in our children early in life and in making available to them sound preventive measures. The responsibility is that of parents and teachers and others concerned with the welfare of our children. Proper attention to teeth in childhood pays the most striking dividends in terms of life-long dental health, according to the association.

Nudged Out

Fort Smith, Ark. (P)—The "nudging system" of making money may be old hat to police, but it was a new gimmick to W. H. Bruce of Fort Smith. Bruce laid \$400 in cash on the table while he counted silver and made out a deposit slip in a Fort Smith bank. Someone nudged him and he moved over, continuing to count the silver. Then he filled out a deposit slip and turned to find his \$400 and the nudger gone. Police said the nudger is a cousin of the pick-pocket.

Busy Hunter

Van Wert, Ohio (P)—Some where around here there's a setter who's working overtime. The dog doesn't know when to quit, Sam Price and two friends from nearby St. Marys told the Van Wert Times Bulletin, appealing to other hunters to watch for the setter. The trio said they got their limit in the first 10 minutes of the pheasant season, but the dog kept on going and disappeared.

10-Cent Meters

men to plan on visits to our schools.

Richard M. Kalish reported on a preliminary conference of representatives of the three service clubs, Kiwanis, Lions and Rotary, the Junior Chamber of Commerce and Kingston Area Chamber of Commerce, at which the possibilities of establishing a Community College in Ulster county were considered. Harry Rigby Jr., has been studying the requirements to establish a two-year college here and gave a comprehensive report at the recent conference.

There was a great deal of enthusiasm over the possibilities involved and plans were made to have one representative from each of the above groups visit Albany next Friday to discuss the question with the State Department of Education. The group will then decide upon any future action which might be taken.

Endorse National Guard

A resolution recommending public support of the current recruiting drive of the local National Guard was unanimously approved. It urged all qualified young men to enlist in the National Guard and expressed the hope that the goal of 60 new recruits would be reached by February 22. This date has been designated as "Muster Day" and the public invited to visit the armory.

George Hanson of Boston was endorsed as a nominee for the office of director of the Chamber of Commerce of the United States. The election will take place at the annual convention in Washington, D. C., April 29 to May 1.

A local delegation will attend the National Chamber's luncheon in Hartford, Conn., on February 20. This regional meeting is part of an intensive national effort to get more local citizens to take an active part in national legislative affairs. Any local chamber members interested in going should get in touch with the chamber office in the Governor Clinton Hotel.

Reports were also given for Hugh R. Elwyn, chairman of the annual banquet committee; George Swirsky, parking committee chairman; Frank Bourke, national legislative affairs committee; Warren Eckels, industry-education committee; Alex Embree Jr., traffic and transportation committee; and Jay Melton, chairman of the retail merchants committee.

President Burns said it was one of the best attended and most enthusiastic meetings of the board of directors.

Newsround

Patton, Pa. (P)—At least one deer in this Cambria county community wants to get into the news without being a hunter's trophy. G. A. Miller, state game protector, said the deer entered the Patton Press-Courier printing rooms and wandered around the plant, winding up in the advertising department. Miller, applied effort to subdue the deer so it could be taken back to the woods.

Museum Piece

Rathdrum, Idaho (P)—The Rathdrum Tribune, one of the few remaining weekly newspapers for which type is set entirely by hand, is presenting its 100-year-old press to the University of Idaho museum. Charles W. Kulp, 77, and J. R. M. Kulp, 76, have been co-publishers for 54 years.

Easter Trip
Sarnia, Ont. (P)—Easter in Florida seems to be a sure thing for 35 teen-agers here who plan a 10-day holiday trip at a cost of \$100 each. The tour by chartered bus is sponsored by the YM-YWCA.
